

THE HAMLIN HERALD

IN 38th YEAR — EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MARCH 12, 1943

NUMBER 19

Hamlin Has \$1545 Raised Anson Tops Red Cross \$14.00---Others Over Too

Jones County Red Cross Chapter was at the halfway mark towards its \$7,950 quota in the March War Fund campaign at the end of the first week's solicitation, with only fifteen communities reporting through Saturday.

Eight were over their assigned quotas: Anson, Anderson Chapel, Avoca, where \$312.29 was raised, eighty-seven over quota, in a one day drive; Boyd Chapel, New Light, Plainview, Pleasant Hill and Wilson.

Three communities not given Red Cross assessments applied to Robert Cross, Anson, roll call chairman, for supplies and are working on contributions, Hanna, with Tom Ashburn in charge; Comper with C. R. Tarver in charge; and Carlton community with Mary Alice Carlton war fund leader.

Anson reported \$1604.00, fourteen dollars over their quota of \$1590. Hamlin had raised \$1200 early in the first days of the drive on her quota of \$1590; and though Stamford was not to campaign full force until this week, a few committees of twenty to work had raised \$320 through Saturday.

As War Fund appeal goes into its second week, Harold Bonner, Hamlin, Jones County Chapter chairman, emphasizes the blood plasma program of the American Red Cross as one of the strongest reasons persons should contribute to the Red Cross.

The Army-Navy recently requested 4,000,000 additional pints of blood, making a total of 5,300,000 pints requested to date. In one case, all except six men out of 400 badly burned aboard a ship were saved largely due to use of blood plasma.

Millions of Americans have donated blood, processed into plasma, Mr. Bonner pointed out, and though facilities for collecting blood are limited by technical factors to certain cities, all Americans can share this work through financial contributions to the Red Cross. Every Red Cross dollar is translated into service on home or foreign fronts in a program outlined by governmental mandate.

(PREDICTION: Hamlin will go over her quota by far. Just you watch!)

Mr. Inzer's Mother Died Friday Morning

Mrs. H. H. Inzer, mother of Starr Inzer, died at her home in De Leon Friday morning, March 5, following an illness of several days. The funeral was held Saturday afternoon at the Baptist church in De Leon. Mrs. Inzer and her husband, Dr. Inzer, had made their home in De Leon for many years and she had been very active in the church and cultural interests of the town.

Goods Taken From Store

The week ending February 28, a certain party went into our dry goods store at a busy hour and took a two-piece dress suit from our lay-away department. We have discovered the scheme through a private channel, and we now give the party a chance to return the suit, unused or bring in the cost, \$7.95, which was marked clearly on the garment. If this is done within one week from this Friday, March 12, we pledge you our willingness to keep it confidential, and save you embarrassment. Unless you do this we shall be compelled to take the matter to the court with witnesses.

THE MANAGEMENT

Billy Joe Ball, son of Mr. and Mrs. Clem Ball of Hamlin, is reported on the honor roll at the University of Texas. To be listed as "Tops" in that institution is a distinct honor.

A SERVICE FLAG in every home or place of business is a sign of honor to the boy or girl in our armed services—get one at the Herald \$1.00 each.

Appreciation and \$5 For The Red Cross

It always pleases a newspaper man to get a letter from one of our good old-timers—for example, Martin Clements of Wichita Falls, who pays the Herald Editor compliments, which may not be merited by us. Anyway, Martin, thank you.

And say, Hamlinites, Mr. Clements has responded to the call of the Red Cross and sends \$5.00 as his contribution to help Hamlin raise that \$1,590. We believe Martin Clements got something from that private Pyron who has seen so much of the good the Red Cross is doing, that he dipped down into his soldier salary and sent a dollar to Hamlin for the Red Cross. So Mr. Clements, let's give him the credit for your fine contribution.

Community Service On Friday Night

In observance of World Day of Prayer, a community-wide service will be held at the Nazarene church Friday night, beginning at 8:00 P. M. The service will consist of songs of praise, the reading of the Scripture, and prayer. A short talk will also be made, setting forth some prayer objectives. Being a community-wide meeting, and in observance of a nation-wide day of prayer, it is hoped that the community will take advantage of this opportunity to attend this service.

Strange New Words Because of The War

Austin, Texas — Think Russian words are unpronounceable? Then you'd better start practicing on them, for at the rate the war is going, a good many Russian words will probably be absorbed by the English language, a University of Texas linguist predicts.

The first two years of the war, nearly all the new words added to the language were German—such as "blitzkrieg, gestapo, ideology and furrer. These words all trace the rise of totalitarian government and are now a part of the average American's vocabulary, Dr. E. B. Atwood, professor of English, points out.

But now that the tide of the war has turned, it seems likely that a new group of words will be added to the language, this time coming from the allied nations, such as Russian and Chinese names and terms.

BABY DIED

Little Jerry Martin, the infant son of Corporal and Mrs. J. V. Walraven died Monday, Feb. 22, at the home of Mrs. Walraven's parents, Mr. and Mrs. John Hudson, southeast of Hamlin. The baby was 12 days old and appeared well only a short time before its death.

The funeral was conducted at the home by the Rev. J. W. Cundieff, pastor of Calvary Baptist church. Burial was in the Neinda cemetery under the direction of the Barrow Funeral Directors.

The baby's father, Corporal Walraven, who is stationed at Ft. Knox, Ky., came for the funeral.

Brookie Pitcock came up last Friday from Duncan, Kelley and Brooks air fields at San Antonio, where he has been with a construction company, building run-ways, aprons and everything needed in concrete. If Brookie should not get to stay with this form of government work, he would likely go into the army or navy. Already there are three Pitcock boys in the service. Prince, at Ellington Field; Roger in the army in Newfoundland and Earl in the air force at Kessler Field, Miss.

Born to Mr. and Mrs. Homer Helms, a fine girl, Billie Fern, Friday, March 5th.

Going to Hunt Scrap By Airplane Sunday

The Stamford Squadron of the Civil Air Patrol, under command of First Lieut. Warren B. Tayman, will assist in the county-wide campaign for salvage now in progress, it was announced this week by salvage officials.

Some six or eight planes of the Squadron will make an aerial reconnaissance survey of every section of Jones county, looking for large scrap accumulations on farms and in the oil fields, and will report all such finds to the county salvage committee.

The survey is to be made on Sunday, March 21, according to the plan. Each plane will be assigned a section of the county to cover, and it is hoped that in this way to increase the county's tonnage of the vital and necessary war commodity. The planes will fly low enough to observe any scrap accumulation, it was said.

Lieut. Tayman and his aviators will be assisted by Captain Roy W. Arledge, Stamford, who is group commander of CAP squadrons in some 16 counties.

(It would appear that all details have not yet been worked out in the hunt for SCRAP in the County. It should be borne in mind that most every community has been pretty well cleaned of scrap iron. The heavy stuff has been taken.)

Mrs. George Beavers returned Sunday from a two weeks visit in Dallas and Waco. She was met in Dallas by her daughter, Mrs. R. E. Pounds and son, Ronnie, of Colorado, and Miss Vivian Beavers, of Ardmore, Okla., who accompanied her to Waco for a visit with her son George Beavers and a daughter, Mrs. Nettie Williams.

TRAINING UNION REVIVAL TO BEGIN SUNDAY NIGHT

Rev. R. L. Trott, the efficient pastor of the First Baptist church of Rotan, together with some of his workers, will begin a Training Union Revival in the First Baptist church Sunday night. Four different classes will be taught. Juniors, Intermediates, and Young People will study methods books—learning better how to carry on Training Union work. Adults will study the book "Building a Christian Home."

Bro. Trott will bring an inspirational message to the entire group each evening. Classes begin Sunday evening at 7:30. At 8:30 we will have our worship service. Bro. Trott will bring the sermon. Then on Monday night, and running through Wednesday night, classes will begin at 7:45. We would welcome visitors from other churches, or no church. We feel that this study of the Christian Home should be of interest to every adult.

A special invitation is given to attend all our Sunday services.

Howard Jenkins Buys Two of Show Calves

Last Saturday was Show Day in Anson, and from this end of the county, one wide-awake trader and stockman, Howard Jenkins, was right there with the dough to prove that Hamlin business men are ready to show the boys they will pay high prices for fat calves. So Howard was ready to bid high.

Howard Jenkins had his eye on the F. W. Poe Jr. calves and landed two of them. One purchased for the Terrell Food Store, 880 pounds at 16 1-2 cents per pound, making \$145.20, and the Reserve Champion, weighing 900 pounds, was bought for the Safeway Store, amounted to \$162.00. Well, young man, that means some dough for you. It is a pretty game for any boy to play.

Revival Closes

The revival at the First Methodist church closed last Sunday night with an old time "Love Feast." Nineteen persons gave their names for church membership, two of these on profession of faith. Rev. B. L. Nance, of Phoenix, Arizona, led the church in a wonderful visitation and dedication campaign that enriched the spiritual life of the church and brought many people into active and happy relationship with the church. We feel that our church and community received a great spiritual blessing for which we are truly thankful.

Besides the expense of the revival there was raised \$100 for World Service Relief as an emergency overseas and in the army camps at home. The people responded liberally both materially and spiritually. The two weeks were well spent and we were wonderfully blessed.

Sunday school, 10:00 A. M.; Morning worship, 11:00 A. M.

H. E. East, Pastor

Hamlin F F A Boys "Hogged" The Show

It is always something to crow about when our own gets a big hunk of rewards, prize money, outstanding notice... that's what happened last Saturday in the Stock Show at Anson.

Let us give part of the formal report.

Beef Cattle Division

Milk Fed Steers:

1. Wayne Ashburn, Plainview 4-H (also Grand Champion, sold to Roy Arledge of Stamford for 18.50 cents per pound; 2. Wayne Ashburn, sold to Dub Harrison of Stamford for 20 cents; 3. Lee Carter of Hamlin FFA, sold to S. S. Furrh of Stamford for 18 cents.

Dry Lot Steers:

1. F. W. Poe, Hamlin FFA (also Reserve Grand Champion) sold to Mr. Jenkins of Hamlin for 18 cents; Wayne Ashburn, sold to Dave Pruitt of Stamford for 16.50; 3. F. W. Poe, sold to Mr. Humphrey of Stamford for 16 cents; 4. F. W. Poe, sold to Mr. Jenkins of Hamlin for 16.50; 5. F. W. Poe, sold to Burl Pruitt of Anson for 15.75.

Best Group of Three Calves:

1. Wayne Ashburn; 2. F. W. Poe. Breeding Hereford Females:

1. Ed Branscum, Hamlin FFA. Breeding Hereford Males:

1. David Rushing, Lueders 4-H.

Dairy Division

Heifers Under 6 Months:

1. Jesse Ray Ford, Lueders 4-H; 2. Wilborn Ford, Hamlin FFA.

Heifers Over 6 Months:

1. Jesse Ray Ford; 2. Jesse Ray Ford; 3. Elton Brigham, Hamlin FFA; 4. Alvin Jensen, Avoca 4-H; 5. Gene Bandy, Anson 4-H.

Bred Heifers:

1. William Brigham, Tuxedo 4-H; 2. James Vernon Brigham, Tuxedo 4-H; 3. Martin Gentry, Anson 4-H. Cows and Heifers in Milk:

1. William Brigham; 2. Alvin Jensen; 3. James Brigham; 4. Elton Brigham; 5. Alvin Jensen; 6. Wilborn Ford; 7. Wilborn Ford.

Bulls All Ages:

1. Elton Brigham; 2. Wilborn Ford; 3. Elton Brigham; 4. Gene Mickler, Avoca 4-H; 5. Wilborn Ford; 6. Gene Bandy, Anson 4-H.

Swine Division

Fat Barrows (160 to 200):

1. Alton Ellison, Hamlin FFA; 2. Kenneth Riddle, Hamlin FFA; 3. Johnnie Steele, Hamlin FFA; 4. Alton Ellison.

Fat Barrows (201 and up):

1. Alton Ellison; 2. John W. Jones, Hamlin FFA; 3. Alton Ellison; 4. Ed Branscum, Hamlin FFA.

Breeding Gilts Under 6 Months:

1. Jack Gray, Hamlin FFA; 2. Elton Brigham; 3. Elton Brigham.

Breeding Gilts Over 6 Months:

1. John Steele; 2. Glenn Bolding, New Hope 4-H; 3. F. W. Poe.

Breeding Sows:

1. Elton Brigham; 2. Glenn Bolding.

Boars 6 Months and Under:

1. Jack Gray; 2. Elton Brigham.

Mr. Jenkins of Hamlin bought the fat barrows shown by John Jones and Johnnie Steele for 15 cents per pound.

Beef Cattle were judged by M. B. Templeton of Sweetwater.

Dairy Cattle, Hogs and Sheep were judged by J. W. Pritchett of Anson.

Total Premiums of \$300.00 donated equally by the Chambers of Commerce in Anson, Hamlin and Stamford, were given to the winners in the Show.

The Show was staged under the auspices of the Jones County 4-H and FFA Livestock Association with Tom Ashburn as president.

JUDGE CHAPMAN MOURNED

In the Hamlin community are many citizens who regret to learn of the death of Judge Walter R. Chapman, who so long lived and served in Jones County and this section of Texas as a distinguished jurist. He was a native of Georgia, born in 1873. He died suddenly in his home in Abilene last Sunday night. His wife and one son survive.

The Herald NOW has some beautiful SERVICE FLAGS with stars to fit almost every home. Priced \$1 each.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—Now they do and then they don't, and the puzzle gets deeper and deeper.

—All the bread knives in the land have been sold, and a hundred thousand dainty fingers split open, and now they say, "What's the use?"

—The bread saws begin to hum again. It costs but 7 cents to the 1000 leaves, so the argument goes, and then the crumbs are gathered up and sold for making pudding for 6 cents... well, so the sawed bread comes back on the table as though no war was on.

—On again and off again; first they want 28 year olds, then they didn't and then they did, and in and out again... the old boys just don't know which way to go... no 38's wanted, you're old men, the ins get out and the bus hardly stops till, 38's will be taken, reclassified... well, who's guessing?

—The cry is going out long and loud for women to "jine" up... relieve some man-soldier for more strenuous duty... come on gals, the more we get to do the work an old man 38 soldier is doing the quicker he will get back and start farming or some kind of war work.

—The American people are very anxious, very patient and will fall into line and do gladly anything needed, but somebody is "busting" things by changing so much... but after all don't you think this nation is making pretty good progress?

—If unfavorable publicity could ruin a nation, this America would sink in this time of war... for example such headlines as "Egg Shortage Feared This Fall" "Farm Labor Shortage Causing Distress"... and a dozen others as uncalled for... there are a lot of people playing flashes like these to produce just the ideal situation for injury or to fatten their own pockets.

—The other day Ye Editor chanced to fall into a big meeting of farmers in the Hodges community (one of the best in Texas) and not a word of complaint did we hear about anything... one of the farmers has a son a prisoner in Japan, too... those fellows talked their business over like heroes, like the sturdy Russians are fighting back their enemies... no one would say they do not miss their sons from the farm, and still nobody hears them squawking... bet there's not a single one of them but would do twice as much as they have ever done, if it will help win this war and get their boys back home... if the guys in Washington would send a committee down to attend a few meetings like that, they would get the "grass-roots-facts" and report back that the farmers are doing fine and would do better if the government would turn them loose once more to open up the throttle.

—See that the Japs were jubiling over the memory of the battle of Mukden when in 1905 they defeated the Russians... wonder how they will remember Pearl Harbor Day, in a few years after Uncle Sam gets through with them?

MRS. TURNER'S SISTER DIED

Mrs. John C. Turner received a message last Thursday afternoon, late, that her sister, Mrs. Robert Gilbraith had died. Mrs. Turner had recently been with her in a hospital in Sherman, and had been home about a week when a turn for the worse took place. Mr. and Mrs. Turner left early Friday morning and joined their son, Lieutenant J. C. Turner Jr. from Ft. Sill, Okla., at Seymour. The burial was late Friday afternoon. Mr. Turner returned Monday night but Mrs. Turner will remain for some time.

Mrs. Bill Johnson and her brother, Joe Hudson of Hobbs, New Mexico, and Mrs. V. E. Mixon of Bastrop, came in to visit their mother, Mrs. R. M. Hudson while Pfc. Weldon Hudson was at home on his furlough.

Wanting Credit, Wanting Praise—

If there is anything in the world the Americans crave it is credit, praise for what they do.

Following the first world war, there was many an argument about who did what. England claimed she did the most. France said she whipped the Germans, and the American boys knew they did. The argument is still raging. Now we hear a lot about who's doing the most, who is whipping the Germans, who is going to dominate, who'll be this and who'll be that.

We note that the Russians are so busy they don't take time to brag on anybody who sends them material, and men; maybe they don't mean to forget, and maybe they do. All any of us should count these days—Who's pushing the Germans around? The Germans are being pushed around more and more, and the most of the push seems to be in Russia. Maybe if we had about four million enemy men on our soil, we'd push harder, faster.

Here in this country there are too many looking for credit and praise. Even some people are talking two years ahead, about who should be president. It is as out of place to talk who will be who in this nation two years from now as it is to talk about who is doing the most to whip the Axis. There's but one absorbing job these days whip the stuffin' out'n the Germans and Japs and jab them down where this kind of thing can not happen again as long as America is a free America. If anything should be said about what the future shall look like, it should be firmly spoken right away by this nation, that whosoever starts another war, within the next fifty years, will find the finest equipped American army and the greatest navy with hundreds of thousands of the best American planes in the

world to slap down anybody who prepares to start something again. This is a long war so long that the greatest enterprise for the next twenty-five years will be war-like movements, in industry, in diplomatic relationships, in everything that will convince the brotherhood of nations that we do not propose to fight a war every twenty-five years to save our skin along with some other nation. If freedom is worth anything, it must be strong enough to make itself felt as far as our communications can reach. The way to do that is to speak openly, honestly, fairly, fearlessly, and act the same way before it is too late.

This country should not care who supports Russia, China, England, or any nation as long as that nation is helping fight our own battles.

Mrs. Lesley Shelburne and little son Bryan went to Fort Worth last week to join her husband who is employed there in Consolidated Bomber Plant.

Mrs. W. J. Miller is visiting with her son, Pat Miller and daughter, Mrs. Gene Scott and families. Mrs. Pat Miller is at home again after being in the Stamford hospital for appendicitis. Mrs. W. J. Miller makes her home at Tarzan.

Walter B. Abbott came up from Dallas last Saturday for a two weeks stay with his wife. Mr. Abbott is with the government in charge of lumber stocks. He has been away over two years.

Mrs. D. W. Carlton, who underwent major surgery in the Stamford hospital, was able to return to her home last Saturday. She is reported to be doing nicely.

SERVICE FLAGS with stars from 1 up to 5, can be had at the Herald, at \$1.00 each. Real Silk, and woven-in stars.

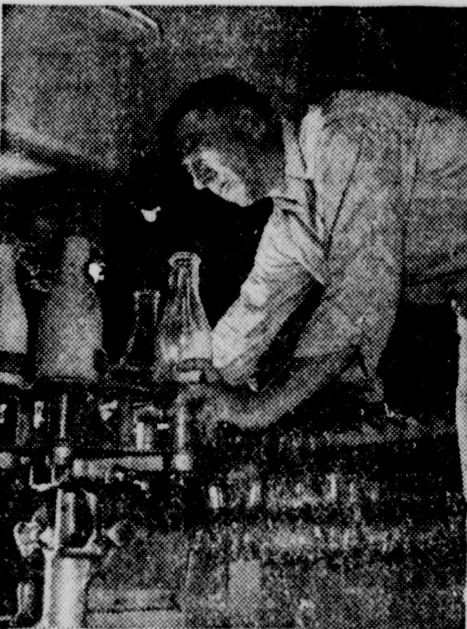

Water, and How It Fits Into Our Lives

Man Should Use it Wisely at All Times

Water is as indispensable to man as air, and if all the moisture were removed from the earth and from the atmosphere, all life would cease. Water enters into every phase of human life and man uses it for many and varied purposes. However, people are hardly conscious of water, especially in the East, until it fails—until they turn on the faucet and find it dry.

When the Indians fished in the Ohio river it was a clear and leisurely stream flowing between towering tree-tops and dense brushy banks. White men then took over the land and cut the trees to make way for civilization.

During the passing years, the valley lost its sponginess and became a great water-shedding net of gullies and ditches. Less than 200 years

Filling bottles with milk from a mechanical bottle filler.

after the white men came, the peaceful Ohio turned into a savage snake as its brown water spread over thousands of square miles on the way to the gulf in the spring of 1936. This was one of the greatest of many devastating Ohio floods. Similar destruction to homes and soil took place again in 1937 as water from rains and melting snow filled fields, gullies, ditches and streams leading into the Ohio.

There are 200 million gullies on hillside fields and sloping ranges in the United States! During periods of prolonged or heavy rainfall everyone of these man-made chasms becomes an active waterway.

Accumulation of soil materials prevents streams from carrying off water and fills reservoirs with eroded soil, unless they are guarded. Fish cannot live in water that is filled with silt, for mud clogs their gills and mud on the stream bed buries sources of food supply. Muddied water also hampers man's recreational use of streams by making it unhealthful to swim in the dirty water.

Nature Soon Bounces

Man's Rubber Checks

No matter how selfish and spendthrift men may be in managing soil wealth, they will be unable to completely bankrupt the universe because those who draw upon this hoard of wealth will find their checks returned for insufficient funds while the bank of nature still is solvent.

Agronomists at Ohio State university explain this seeming contradiction by saying that nature does not have faith in man's ability to handle unlimited wealth. The soil contains hundreds of times the amounts of nitrogen, phosphorus, and potash removed by any series of crops but nature slams down the paying teller's window when destructive cropping is overdone.

Plant foods are not placed loosely in the soil so hungry plants can remove them completely in a few years. There is a certain amount of fertility in new soil that can be removed quickly by farm crops. After that bonus is removed, the remainder of the wealth is controlled in a trust fund and can be obtained only piecemeal and by following the laws of nature.

Pioneers found the soil bountiful in its returns for labor expended. Each succeeding generation has discovered that these returns become harder to obtain unless the bounty of the soil is rewarded by a partial return of the elements it releases. Some garden spots have been tilled for more than 100 years and still yield as well as they did originally.

Rural Briefs

Farmers who fumigate shelled corn stored in metal bins can protect the grain from reinfestation by spraying the top surface with a light application of oil.

Barring unpredictable developments, the total food supply produced on American farms this year will be the largest on record, according to the United States department of agriculture.

Sanitation Aid to Cutting Hog Losses

Farmers Urged to Guard Sows in '43

Unfortunately there can be no rationing restrictions of disease germs, so it is up to the farmers to guard their sows from unsanitary conditions that lead to heavy losses from mange, swine erysipelas, hog cholera, worms and swine pox.

According to specimens received at the laboratory of animal pathology and hygiene at the University of Illinois college of agriculture, swine pox is causing some losses in this state. While not usually a serious disease in itself, it leads to other diseases and can be a complicating factor.

Occurrence of swine pox to any appreciable extent in the herd might be taken as a warning signal that all is not well, since it occurs under conditions favoring or fostering other infectious and parasitic diseases. Hog cholera virus should not be used as an immunizing agent in herds showing extensive pox. It is com-

Hogs like wheat. See how they go after it!

monly spread from pig to pig by the hog louse. Widespread pox usually goes hand in hand with a relatively heavy louse infection.

Wormy pigs waste feed, gain weight slowly, have damaged lungs, become unthrifty and die. Many become susceptible to other diseases.

Farrowing quarters should be cleaned regularly by scrubbing with boiling lye water and then spraying with cresol. Sows should be washed before being placed in the farrowing pen. Pigs and sows should be hauled to pasture or driven over ground from which pigs have been absent for a year. Raising pigs on clean pasture is the most satisfactory method.

Mange is caused by a microscopic mite that burrows into the skin, causing great irritation, "elephant hide," loss of hair and unthriftiness.

Agriculture in Industry

By FLORENCE C. WEED

Poultry

There are more chickens in Iowa than any other state, while Texas ranks second in chickens and also leads the turkey population. In 1926, there were 475,000,000 chickens on American farms but since then, the number has declined.

While the great bulk of poultry is sold alive or as cold storage fowls, there are a few commercial uses for by-products. Animal feeding stuffs are taking some packing house trimmings such as legs, visceral fat and heads. Food for pet cats and dogs uses killing plant offal to some extent. When research has gone further, it may be possible to extract therapeutic products from glands of chicken heads and recover gelatine from chicken legs which would have surgical uses. Scientists believe that the available supply of 20,000 tons of feathers might be used in plastics. Goose feathers have long been marketed for pillow stuffing.

It is possible now to obtain dried whole egg, dried egg yolk and dried egg albumen. These products are imported but might be produced here. Non-food uses of eggs are getting more attention. The tanning industry may be able to utilize more low grade eggs. Manufacturers of frozen or dried egg materials have thousands of pounds of egg shells which are used only to a small extent as chicken feed and fertilizer.

Stepping Up Egg Yield

Feed your chickens a good laying ration if you want to get maximum egg production. A good laying mash is one composed of 200 pounds ground yellow corn; 100 pounds wheat bran or rice bran; 100 pounds meat scraps or shrimp meal; and 100 pounds ground oats. Where meat scraps are used in place of shrimp meal, add one pound salt to the mash mixture. One hundred laying hens will consume between 23-25 pounds of this mixture.

About Soldiers--Sailors

Hugh Bradley Musick, son of Mrs. Martha Susick of Hamlin, has recently received his certificate of graduation from the General Motors training station at Flint, Michigan. He should now know how to keep the diesel engines running.

— S & S —

The Public Relations Office at Miami Beach, Fla., announces that Staff Sgt. Ivan Mustain, who gives McCaulley as his former post office has completed the Air Forces Candidate school course and has been commissioned a Second Lieutenant in the Army Air Forces. His duties will be in the administrative and supply operations.

— S & S —

Pvt. Loy D. Fry Jr. has been assigned to Austin College, Sherman, where he will take a full year of college work, crowded into FIVE months. Loy says "I expect to burn midnight oil the first 4 months" then he will begin actual flying training.

— S & S —

Marine Delbert Kite, son of Mr. and Mrs. R. L. Kite, in North Hamlin, has again written his parents, and this time it's better news. Delbert says he is well and has been out of the hospital some time and is again driving a Geep. And say, folks, talking about working 8 hours or ten hours, and getting overtime, Delbert Kite, just a kid (when he left Hamlin, not quite 17) works from 6 P. M. all night till 6 A. M. So folks, let's quit grumbling about anything, and in the dark cold stormy nights while we are safe and comfortable in our home beds, let's think of the Hamlin boys and others far off in a sleepless night of danger. Where is Delbert? Nobody around here 'knows. Maybe in the Solomons.

— S & S —

Pfc. Weldon Hudson came in on Thursday of last week from Camp Beale, Calif. on his first furlough since he went into the service seven months ago. Weldon is in the Ordnance Department and every indication is that he is making an ideal soldier. He has gained about 18 pounds, and is as straight as a rail. When Ye Editor met him, we remarked "You look like a million dollars" and Soldier Weldon says, "I certainly feel like a million." That's right, it is mighty good to be at home once again.

— S & S —

Eugene Morgan, a Petty Officer in the Navy, stationed in Florida, is spending this week at home with his mother, Mrs. Florence Morgan. Eugene is not just another sailor; he's in the Navy as a professional, and is making good. He has been promoted from time to time, has married and has two children, so Gene says "What's wrong with the Navy?" From the way this young officer has developed you'd think he's about grown after these eight or nine years in the service. While here, he went to Odessa to see his father, Dr. L. E. Morgan.

— S & S —

Pvt. W. L. Hunter Jr., who has been stationed at Garden City, Kan., has been sent to Stillwater, Okla., to take work in A. & M. College.

— S & S —

Pvt. Homer Raney has lost his title and is now just plain Mr. Homer Raney. He arrived home last Monday from the Bryan Air Field, and in all he has been in the army five months and four days. Homer is classed as an "old man," and so he has returned to his job at the Plaster Mill. But this "Vet" does not feel exactly settled yet; he says he tore up to join and it may be they will tear him up and put him back again. He has learned quite a lot, and really the experience will always mean much to him.

— S & S —

Pvt. Richard L. Criswell, son of Mr. and Mrs. O. R. Criswell of Plasterco, enjoyed three days here this week on a pass from the Bombardier Field at San Angelo. He has been in the army five months.

— S & S —

Away up in Kearns, Utah, there's one of Hamlin's "bean peddlers", well known here as "Boots" Walker. It is Pvt. Walker now, and he writes his sister, Mrs. Mary Hyatt, that he is drilling, but having a good time. Boots is in the 505th T. T. G. Just what that means seems to be a military secret.

— S & S —

We note that Pfc. Jay Fitzgerald, better known as Pinky, is still at Lubbock and makes it down to Hamlin frequently to visit his wife (the former Odessa Jones) and by the way, he always does a good job at the Morgan Hotel at the noon meal Sunday.

Robert Gardner came home last week from California where he had been with the Consolidated Aircraft the past ten months. Robert is about 20 years of age and is expecting to be in the army soon. This will make three boys Mr. and Mrs. B. H. Gardner will have in the army. Staff Sgt. Harry Gardner is in Fort Ord, Calif., and Edward W. is in Camp Swift, Texas. We could go a little farther and tell that two of their daughters, Miss Katherine Gardner is a clerk in Camp Howze, Texas and Miss Dorothy is in the office of the Air Force in San Antonio.

— S & S —

Monday morning Onis Helms arrived from Houston where he had served the past five months in the 744th M. P. Co. B. He had his discharge from the army to be a national defense worker in some work going on at Muskogee, Okla. This is a case where a contracting firm took the lead in asking that a man of more than 38 years of age be discharged to do other work necessary. Helms says the army is fine, and from the feel of his arms he had good treatment, and can now handle a caterpillar tractor with ease. He also understands that if the army needs him later they will jerk him right back, and he says "It's O K with me."

— S & S —

Saturday two fine soldierly looking fellows from the Lubbock Air Field were in to visit with the Hamlin Herald and to tell us that they are still in that camp learning how to take care of planes. They were Pvts. James T. Henson and Glendon Hemphill, who live between Hamlin and McCaulley.

— S & S —

Seaman, 1-C, Aubrey A. Bowman, son of Mr. and Mrs. G. G. Bowman, is at home on a 14 days leave. He has been getting some experience on a sub chaser.

— S & S —

Here's a boy who has been a student in Texas Tech, who has before his name, Pvt. Warren Adams, in the AAF Air Crew Detachment, Sqdn. D, Flight 17, in Texas Tech. This is one of the younger fellows who will make good.

— S & S —

One of the spunky little sailors from Hamlin is James Steed, who was at home last Summer from spending a long time on the Cruiser Pensacola. He was in some of the hottest spots but was as quiet as a mouse about it. But the story is out and in Congress how that ship was "decorated." Well, sailor Steed got fed up on just being a sailor while the other fellows "flew" out and got a crack at the Japs, so he transferred to the Navy Air Branch, and soon he will graduate from his training at Cecil Field, Fla. He is now rated AMM, 2-C, and soon he moved up to AMM, 1-C. He now gets the planes 30, 60, and 20 hour checks and works at night and sleeps all day.

— S & S —

A letter from recently wounded Flight Officer W. B. Teague, to his mother, Mrs. W. B. Teague, dated Feb. 15, tells only that he has lost his left foot, but he says "That is not so bad. I'll be up in a few weeks and they will fix me up with an artificial foot, which will be as good as ever, almost." His wife arrived from their home in Rantoul, Ill., Sunday, and will be here several weeks. Teague's letters are coming through now from his own hand, and he will likely be returned to the States in a few months.

LIFE'S Little TROUBLES

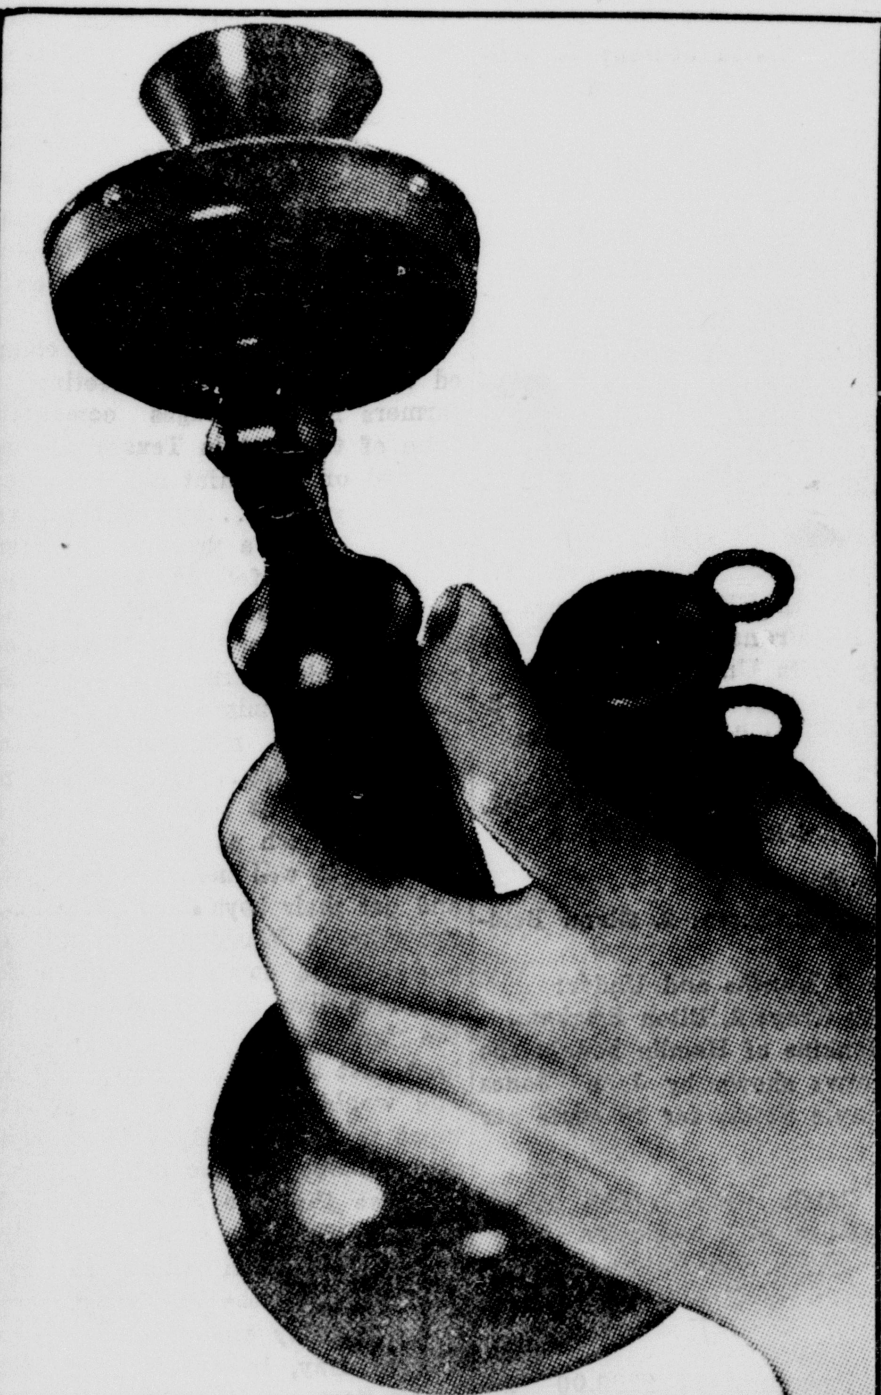

-CAN'T SLEEP-

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRESSURE won't let you sleep. Be sensible—get up—take a dash of

ADLER-I-KA

as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adlerika from your druggist today.

VETERAN TELEPHONE RE-ENLISTS

Desk telephones—sturdy veterans that figured in the growth of America's telephone system for years and years—are being called back for wartime service.

More and more, telephone materials and telephone production lines have been shifted to supply things the Army and Navy must have. That means less and less for the nation's

telephone system. So thousands of these old-timers are coming off the shelf.

They are ready to do their part in meeting today's tremendous demand for telephones.

They are good telephones—first-class talking instruments. And they'll do a first-class job of carrying the calls of a nation at war.

NEINDA NEWS

By Ettie Hodges and
Artha Lee Tollison

Remember folks next Thursday night, March 18, is our next Defense meeting. The women have been asked to bring 6 sandwiches, instead of candy. If you have something handy to be auctioned off, wrap it up and bring it too.

Neinda was asked to raise \$100 for the Red Cross. We are proud to say it was raised to \$112.50.

Mr. and Mrs. V. G. Hodges and family and Mrs. J. S. Hubbard were in Abilene Sunday visiting Mr. and Mrs. Noble Duncan.

Mrs. C. E. Gregory visited Mrs. Raybon Dixon and children Monday afternoon.

John Turner is ill with flu at this writing.

Mr. and Mrs. Fred Rosenbaum and son visited Mr. and Mrs. Irby Weaver and son Sunday.

We would thank you very much if you would send us some news. Let your children take it in to Miss Ettie on Monday morning.

Mr. and Mrs. Bill Maynard and daughters visited Mr. and Mrs. Grover Maynard Sunday.

Ben McNeely and family visited Mr. and Mrs. Harrell Williams in Hamlin last week.

Mr. and Mrs. Oram Weaver spent Sunday with Mr. and Mrs. Duck Weaver and family.

Mr. and Mrs. Ray Williams and family visited with Mr. and Mrs. John Turner Sunday.

Bro. and Mrs. Grady Adcock and daughter, Linda, spent Saturday night with Edythe and Ettie Hodges.

Mrs. Arnold Galloway left Wednesday for El Paso to visit her husband who is stationed at Fort Bliss.

F. W. Poe, Sam Hodges and Audrey Hodnett were in Stamford last Thursday.

Mrs. Jenkins of Dovie visited her daughter Mrs. Audrey Hodnett Wednesday.

Mr. and Mrs. Henry Martin and family of Noodle visited Mr. and Mrs. C. E. Gregory Saturday night.

Mr. and Mrs. M. H. Castleberry visited Mr. and Mrs. T. B. Scarborough

VICTORY'S SONS

Gen. Douglas MacArthur

Gen. Douglas MacArthur and his courageous men added a flaming chapter to America's history in their inspired defense of Bataan and Corregidor in the Philippines.

Japan's sneak attack at Pearl Harbor on Dec. 7 caught the United States unprepared for all-out war. But MacArthur's brilliant strategy, later adopted by Maj. Gen. Jonathan Wainwright, kept the Japs battling desperately on Bataan until April 9. Corregidor and other Manila Bay forts fought until May 6.

The Battle of Bataan—and Corregidor—was a saga of resolute courage, of complete bravery. Outnumbered, sadly lacking the most necessary equipment, the men of Bataan made the yellow invaders pay a bloody price for every gain.

When the invasion of Australia seemed imminent, MacArthur was sent there. His mosquito boat escape from the Philippines was as dramatic as a commando raid.

When America heard of his new job in the land down under the unanimous verdict was: "Mac's the man!"

ough Sunday afternoon.

Visiting Mr. and Mrs. Audrey Hodnett Saturday night and enjoying games of 42 were Mr. and Mrs. Bunk Gill, Mr. and Mrs. J. E. Brown and son, Mr. and Mrs. Herchell Hubbard and daughter and Mr. and Mrs. J. F. Tollison and family.

Mr. and Mrs. Oram Weaver honored Gladys Gardner with a surprise birthday supper Monday night. The supper was served buffet style.

Those present were Mr. and Mrs. W. E. Gardner, Gladys and Ernestine, Mr. and Mrs. J. L. Weaver, Mr. and Mrs. Noel Weaver, Guy Lewis and Davy Noel, Mr. and Mrs. Irby Weaver and Carl Max, Don Poe Brown, Edythe and Ettie Hodges. Gladys received many nice birthday gifts.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Keep It Looking Young and Acting Young

Take Care of
Gas Equipment
to make it serve you longer

GOOD GAS RANGES are built to last a long time, anyway... come war, come peace. So make yours flourish, with smart care. It's the nation's economy, as well as your own.

1. Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.
2. Wipe off spilled foods at once, with dry cloth. Later when range is cold, clean with damp cloth.
3. To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.)
4. To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range, as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)
5. The oven-lining will last longer, if you roast meats at low temperatures (250° to 325°). It makes better-tasting meat besides, and also cuts down grease-spatter on oven-walls.
6. To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.
7. Don't load the oven-door with heavy roasts, as you put them in or take them out. It might warp the door.

3 letters spelling ACID

Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.

In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was in frequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!

You can't open the engine and keep

sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco Nth motor oil and get your engine internally OIL-PLATED.

You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco Nth. Though your gasoline-rationed car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco Nth this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

What You Buy With WAR BONDS

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds.
U. S. Treasury Department

Join the payroll Savings plan at your office or factory. Save a definite amount every payday, ten percent or more of your pay check. Your pay check today buys a payday for tomorrow and gets you \$4 back for every \$3 you invest.

Santa Fe Reports

on its first year of war operation

During 1942, Santa Fe moved 79 per cent more passenger-miles...and 122 per cent more freight ton-miles...than in 1918, during World War I.

And all this was done with 26 per cent fewer locomotives than we had in 1918.

These figures indicate the greatest volume of business we have ever handled.

They also indicate why you may have experienced some difficulties and inconveniences in traveling or shipping by train during the past year.

Crowded Trains Our passenger traffic volume was up 102 per cent last year as compared with 1941. Gasoline rationing, in our territory, will increase that volume even more this year.

The Santa Fe must handle this additional load with its present passenger cars, as no more cars will be built during the war.

Late Trains In these days of unprecedented passenger volume it is not always possible to maintain schedules with on-time regularity...and since military trains have the right-of-way over everything else, they often cause our regular passenger trains to be delayed.

At many stations along the line, mail and express are heavier than in normal times—and take longer to load. This is another reason why trains are delayed.

Car Shortage Special troop trains are becoming almost routine on the Santa Fe. In just one case, we moved an entire division from one camp—and it took 55 complete trains to handle the men and equipment.

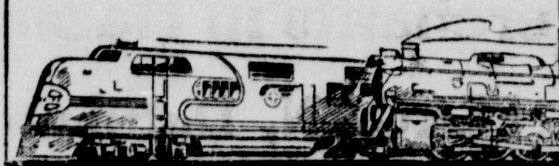

We must also keep our passenger cars in constant service to handle the increased traffic all over the line. For this reason, we cannot always concentrate extra cars at any one point.

Freight Cars Due to the submarine menace and the diversion of freighters to other services, almost all of the intercoastal freight tonnage formerly handled by ships through the Panama Canal was hauled by the railroads in 1942.

This brought about an unusually heavy demand for Santa Fe freight cars...increased considerably the average length of haul...and occasionally caused delays in delivering empty cars at some loading points. It also indicates Santa Fe has many busy months ahead.

Keep 'Em Rollin'! Please remember there's only one thing we want to do more than keep trains on time and supply cars as promised—and that's keep troops and war freight on their wartime schedule. And we know that's the way you want it!

For up-to-the-minute transportation information, call your local

Texas Day Observed By Woman's Literary Club

The Woman's Literary Club met Friday afternoon in the home of Mrs. John D. Ferguson on Union Avenue for a business session and a program in observance of Texas Day.

The meeting was opened with members reading the Club Collect. The president, Mrs. G. R. Bennett, was in charge of the business session.

The original program was directed by Mrs. Tom Teague who talked on Texas in the World Crisis, discussing Texas' contribution to the war in manpower and also her part in industry. Mrs. John D. Ferguson discussed the Farm Program for Victory. A reading, Wonderful Texas, given by Mrs. Tarleton Willingham, concluded the program.

Junior-Senior Banquet Held Tuesday Night

The traditional Junior-Senior banquet was held Tuesday, March 9th, at 8:00 at the Methodist church. The group assembled in the auditorium and was greeted by Jack Harden, Betty Lou York, Paul Fowler, Phala Davis, Mr. and Mrs. G. R. Bennett,

Mr. and Mrs. A. D. Barry, Miss Lucille Willis, Miss Helen McCrary, Mr. and Mrs. Bob Campbell, Mrs. Mart Farrow and Mr. and Mrs. John D. Ferguson. One hundred and thirty attended.

A patriotic theme was carried out in all decorations, red, white and blue V's filled the windows. Below were pot plants. Flags were used as backgrounds. Red and white cyclamen, red candles, place cards with V's and red, white and blue mint baskets adorned the tables.

The following program was given: Invocation, Supt. G. R. Bennett. Dinner, Toastmaster, Jack Harden, Jr., Response, Paul Fowler, Jr.; The Forgotten Man by Clarence B. Kelland, Betty Lou York; In the Time of Roses by Reichardt and Lights Out sang by La Nelle Andress, Jimmie Dee George, Charlene Durham, Mildred Carson, Ora Frances Steele and Joan Culbertson, accompanied on the piano by La Nelle Carlton. Address, Judge Owen Thomas; National Anthem, Unison.

Sophomore girls, wearing white dresses with red and blue aprons, served. They were Gamille Hassen, Thelma Carlton, Marjorie Steed, Bery Jo Travis, Jeannine Johnston, Joan McCrary, Earline Johnson, Judy Gordon, Wilda Jean Fancher, Verna Mae Colwell and Gertrude Eckler.

After the banquet the Juniors held open house at the High school, and games of table tennis and Bingo were enjoyed.

La Rue Kite Honored In Girls' Auxiliary

In the missionary organization of the Baptist church, the young people have an opportunity to advance in rank. In the Girls' Auxiliary, the ranks are called Forward Steps. Any girl who is ambitious may advance from a Maiden to a Queen. La Rue Kite has been a faithful member of the Girls' Auxiliary for several years and she has done the required work to become a Queen. This means that she can quote many Scripture verses, she can tell you about her local church and denomination, that she is familiar with the mission work of Baptists and that she has studied the lives of our great missionaries. In a Jones County coronation service at Anson, La Rue was crowned a Queen and given a golden crown and an arm band in recognition of her accomplishment. Mrs. O. B. Woodrum of Abilene, who is District Young People's Secretary, crowned La Rue in a very impressive ceremony. Elizabeth Ann East was the crown bearer and Oleta Kite was the flower girl.

La Rue is now ready to work on the forward steps which will rank her as Queen with the Septre.

National Honor Society Meets For Program

The Hamlin Chapter of the National Honor Society met March 5, in the home of Winnie Faye Hassen. The members answered roll call by telling "tall tales". The program chairman, Charlotte Lewis, introduced a program of reports of the different clubs offered to young people in this city. Jack Hardin, president of the Junior class; Paul Fowler, president of the Senior class; Jimmie Dee George, secretary of the Junior Schubert Music club; Margaret Sellers, president of the Junior Literary club; and Phala Davis, president of the National Honor Society. After the close of the program the hostess, assisted by her mother, served a plate consisting of hot chocolate, candies, cookies, and olives. The meeting was adjourned.

NATIONAL HONOR SOCIETY EMBLEMS ARRIVE

The emblems, which were ordered for the 1943 members, by Koleta Clements, the secretary, arrived this week. Each received either a charm or a pin. In the center there is a torch symbolizing the torch of honor carried by each member. It contains the letters S, C, L, S, standing for the four phases of the National Honor Society—scholarship, character, leadership and service.

Soil Management Aid To Increasing Yields

Farmers Co-operating in Test Get Good Results

Larger yields of grain and better stands of hay are becoming increasingly important these days when the demand for cereal, meat and dairy products for war and civilian needs has reached such record peaks. Whether the output of these crops is large or small on a particular farm depends largely on the condition of the soil that produces them, according to Prof. C. J. Chapman of the college of agriculture, University of Wisconsin.

That such crops respond to soil management is evident from tests carried on in a number of Wisconsin counties in which fertilizers containing phosphorus and potash were applied to small grains and seedings of clover and alfalfa.

Farmers co-operating in the tests laid out demonstration plots on their land, leaving one area unfertilized. The results in the form of grain yields and hay crops that followed them in the rotation were checked and compared. The harvests showed that not only was the output of the small grains boosted, but the production of hay that followed in the rotation was greatly increased. The tests showed, too, that the soil improving treatments had a valuable carry-over benefit.

Typical of the results obtained were tests on farms in Portage county.

Allen G. Hunsaker of Afton, Wyo., whose four sons are now in the armed forces, installed a milking machine to help out. He is now carrying on with the aid of his wife and 13-year-old daughter. He now milks 20 high grade Holsteins which produce 15,000 pounds of milk per month, in comparison with the 16 cows he milked last year which averaged 10,000 pounds per month.

ty on silt loam and sandy loam soil types of varying fertility levels. On one silt loam plot where 300 pounds of an 0-20-20 fertilizer were applied per acre in 1941, the grain yield was 51.9 bushels compared with 31.1 bushels per acre on the unfertilized field. The 1942 hay crop on the fertilized field was 5,493 pounds, as against 1,186 pounds—or an increase of 4,307 pounds per acre.

A sandy loam plot treated likewise with 300 pounds per acre of an 0-20-20 yielded 25.2 bushels, compared with 19.2 on the untreated plot.

Eliminate Hazards!

Unless soldiers on the farm front are careful, an army of nearly 4,500 farm workers will be killed this year by mechanized equipment and livestock.

"That's why we say that heroism isn't confined to the front battle lines in this war," farm families were told by E. W. Lehmann, head of the agricultural engineering department, University of Illinois college of agriculture.

The shortage of labor, inexperienced machine operators and use of older machinery will aggravate the situation for the duration.

In Illinois alone, nearly 300 farmers lost their lives in producing and delivering food to market in 1941. Thousands were crippled for life; more thousands were crippled temporarily.

Accidents during wartime are not merely family and community tragedies. Many times they are the result of criminal negligence. Accidents that kill and injure American food-for-freedom producers aid the enemies.

Agricultural Notes

Sudden changes of temperature in dairy barns or in poultry houses reduce production of eggs and milk. Cows and hens do not work over time to replace shortages from the day before.

WPB has assigned top priority rating of AA-1 to assure delivery of critical material necessary for manufacture of farm machinery included in the current program.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

The High school senior play given at the school house on Thursday night of last week was pronounced a success by the many patrons of the school who witnessed the three hour play. Forty dollars was realized from the play and the senior class is grateful for the good attendance.

Pvt. Joe Gill who formerly lived in McCaulley, was a visitor in the home of his aunt and uncle, Mr. and Mrs. Henson one day last week. We failed to learn where Joe is stationed.

A letter from Bynum Akins who is attending U. S. N. Flight Prep school at the University of Texas, says he likes it fine, and he will have three months preliminary training at Austin before he starts flying the Navy bombers.

Mrs. Granville Dean and daughter and Mrs. Ellis Eivens and children of Fort Worth were visiting relatives and friends in McCaulley last week end.

When the boys of the American air corps can sink 20 ships and wipe out fifteen thousand Japs in two or three days, as was done in the Bismark Sea, surely we at home can do our bit by contributing to the Red Cross. The drive is on in McCaulley and H. P. Powers is the chairman for this chapter. If you can't come in, then please mail your check. "The Red Cross helps those who can't help themselves."

Mr. and Mrs. Bill Wicker and family moved last week to Rotan where he is employed at the Gyp mill in that city.

Mrs. Joe Graham and baby left for Dodge City, Kansas to join her husband who is in the army and stationed in that city. Mrs. Graham is the daughter of Mrs. Lee Hendon who has four sons in the armed forces.

Mrs. Nellie Simer of New Mexico and Mrs. Dollie Mann of Denver, Colorado, are visiting their father, Ciscero (Pa) Martin who was ninety nine the other day.

Mrs. James Parker of Oklahoma City is visiting her husband's parents, Mr. and Mrs. Hub Parker near McCaulley.

Mr. and Mrs. Alvis Mayo visited last week end with Mr. and Mrs. Byron Maberry. Mr. and Mrs. Mayo live at Loraine, Texas.

W. T. Lawliss who enlisted in the air force a few weeks ago is now stationed at Miami, Florida. Mrs. Lawliss is in East Texas with her parents.

Mrs. J. B. Jayroe has resigned her school in Sweetwater and has joined her husband, Sgt. J. B. Jayroe, who is stationed in Indiana.

Mr. and Mrs. Henry Cook have returned from New Jersey where they visited their son, Pvt. A. J. Cook, who was seriously ill. Glad to report that A. J. is rapidly improving.

Mr. and Mrs. S. E. Miers visited last Monday in the home of their son and family, Mr. and Mrs. N. D. Miers in the Hobbs community.

Mrs. Doc Carter of Crosbyton is visiting in the home of her parents, Rev. and Mrs. C. E. Dick.

Thanks to M. L. Akins for a year's subscription to the Herald.

Let me forget: The Red Cross needs you now—you may need the Red Cross—someday.

Letters from the people who read our column is appreciated and especially do we appreciate letters

from people who are vitally interested in the common good of all the people. The following letter is from a man we never knew and we sincerely appreciate the contents:

Wichita Falls, Texas
March 4, 1943

Mr. George Darden,
McCaulley, Texas.
Dear Sir:

You do not know me, but I know you very well for I have been reading "Pot-Shots from McCaulley" and Darden-O-Grams in the Hamlin Herald for several years.

I am an old Hamlinite but have not lived there since 1917 but am still interested in Hamlin and its people. And that is why I get the Herald and read it regularly, for its fine news items and good efforts in being a good weekly newspaper, and especially do I appreciate and enjoy reading your reports from your home town and your frank discussion and clear interpretations of current topics of the day.

In appreciation of your fine efforts and for keeping everlastingly on the job, in trying to hammer home the important things of life to your readers, I am enclosing my check for \$5.00 and ask that you hand it to your Red Cross chairman in token of my appreciation of you and for my admiration of your fine style of writing.

Yours very sincerely,
M. T. Clements
1714 McGregor Street
Wichita Falls, Texas

O-O-O

The contemptible remarks made by Rep. Lambertson of Kansas on the floor of the House in Washington about the war record of the Roosevelt boys is the most uncalled for slander ever spoken in time of war.

Who ever heard of a Roosevelt shirking his duty? Who ever heard of a Roosevelt being afraid of anything or anybody? Those who have read history know that the Roosevelt family has always been in the thick of the fight—and there never was a yellow streak in any by the name.

It is strange that some few sore-head Republicans would stoop so low to criticize our soldier boys when perhaps they can't give a very good account of themselves in World War No. 1.

We are of the opinion that the Congressman from Kansas is thinking more of making the headlines, than he is of winning the war.

New deal haters, disgruntled Democrats and such birds as Congressman Lambertson should go back to Kansas and chase jack rabbits until the war is won by the Roosevelt and other members of the great American army, navy and air force.

There are a lot of politicians who just can't take the new deal, and they have the jitters so bad and are so afraid that F. D. R. will choose to run again, and through jealousy, envy and hatred they will do anything under the shining sun to muddy the water, even though it would mean losing the war.

Franklin D. Roosevelt has guided the American people through many a storm and if he sees fit to run for a fourth term, then Rep. Lambertson and all of his hinchmen with their slander won't keep the American people from casting their votes for Roosevelt.

A DARDEN-O-GRAM

Bought 4-H Calf

—To encourage and help out the FFA Boys, we arranged to buy a fine fat 880 pound calf at the Jones County Livestock Show last Saturday in Anson.

—This calf was one of the Best, and was raised by F. W. Poe, Jr.

Beef Now Ready

Tender steak from this fine young calf will be on sale this Friday and Saturday at our market.

WE SLING GYPSUM

Gypsy Reporters

(Frances Nichols-Minnie Lee Elkins)

This last week seemed as though winter had turned back on us, but at the time of this writing there seems to be a touch of a West Texas Spring in the air.

J. W. Riddle and Clifford were home Sunday and Monday from Wichita Falls to visit their parents, Mr. and Mrs. J. W. Riddle and daughter Louise and Mr. and Mrs. H. C. Carr.

Pvt. Glendon Hemphill of Lubbock came in Tuesday to spend the week with his parents, Mr. and Mrs. T. N. Hemphill.

We are sorry to lose Mr. and Mrs. Tom Nall and son who have just moved to the Plains.

Mr. and Mrs. Henry Martin and family of Merkel spent Sunday in Plasterco visiting friends.

Mr. and Mrs. Wayne Roberts and son Jan of Waco spent the week end with Mr. Roberts' parents, Mr. and Mrs. J. W. Roberts and also with his brother, Mr. and Mrs. Clayton Roberts and son Don.

Last week we neglected to say that Mrs. Coleman Gibbons of Fort Worth had visited in the home of her husband's parents, Mr. and Mrs. John Gibbons.

Little Stanley Jones, who has been ill for some time, is reported very much better.

Mrs. B. L. Smith returned home

from Wichita Falls after spending a few weeks with her husband, Pvt. B. L. Smith, who has now been moved to some other camp.

Mrs. H. O. Espy received word from her husband that he would return here sometime soon. He has just been discharged from the army.

H. C. Carr and family made a trip to Walters, Okla., to visit Mr. Carr's sister, Mrs. E. E. Bryan, who has been ill.

The J. W. Riddle family spent Sunday with the Glenn Bond family so their sons could be together. Glenn Bond is leaving for the army the 10th and J. W. Riddle returns to his job in Wichita Falls Monday.

Those on the sick list this week are Louise Riddle, Joan Carr, Mrs. A. Anderson and Betty Jo Green.

Mrs. Tom Campbell and daughter Mrs. James Milsap spent Monday with Mrs. Glenn Bond.

Mrs. John Sledge is reported as much better now. She had a badly sprained and bruised ankle.

Mr. and Mrs. John Gibbons received word that their son, Pvt. Coleman Gibbons, who is somewhere in the Hawaiian Islands, had been injured. The report is that a jeep had overturned on him.

Mrs. James Milsap got word that her husband, Pvt. James Milsap, had been in the army hospital for some time.

Mr. and Mrs. George Campbell spent Sunday night with Mr. and Mrs. H. Clark.

Mr. and Mrs. J. M. Stubbs and Mr. and Mrs. Robertson of Hitson visit-

ed Mr. and Mrs. John Gibbons last Sunday.

Mr. and Mrs. Ed Griffin, daughters and grandson, James Rhoten, and Mrs. Barney Smith and children spent Sunday with Mr. and Mrs. Virgil Reynolds of McCaulley.

We want to thank Mrs. C. A. Galloway for handing us a dollar to have the paper sent to her father, Mr. O. M. Henderson of McCaulley for his birthday.

Everyone is invited to attend Sunday school and church Sunday.

O-O-O

WISE CHAPEL NEWS

By Catherine Drake

Well folks we are having more cold weather and no rain.

Mr. and Mrs. Jimmie Sedberry and daughter of South Side visited Connie Drake and sisters Sunday afternoon.

Mr. and Mrs. Ike Dixon of Flat Top spent Sunday with Mr. and Mrs. Dave Herbst.

Misses Patsy Fletcher and Charlotte Riddle spent the week end with Mr. and Mrs. Russell Glenn and daughters in Abilene.

Lane and Junior Fletcher are on the sick list this week.

Mrs. Clifford Eoff had a painful accident when she stuck a nail in her foot last week.

Mr. and Mrs. Carl Bingham of Anson spent Friday with Mr. and Mrs. Tom Neill.

We are sorry to report that Mrs.

Newland has been on the sick list with flu.

Tom Henderson and two sons, Tommy and Atwell and Tommy Smith of Merkel spent Sunday with Mr. and Mrs. Clifford Eoff and son.

Mr. and Mrs. Junior Patterson and daughter of Hamlin and Mr. and Mrs. Tom Neill and family spent Sunday with Mr. and Mrs. Ben Bingham of Union.

O-O-O

Mr. and Mrs. L. B. Baker and niece, Miss Elaine Jones visited Mr. Baker's sister, Mrs. McLaughlin in Spur last Sunday.

O-O-O

Mrs. B. M. Brundage left last week for Chicago to visit her daughter, Miss Maxine Brundage, a student in the Chicago Conservatory of Music.

THE HAMLIN HERALD

IN 38th YEAR — EVERY WEEK SINCE 1905.

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, MARCH 12, 1943

NUMBER 19

Hamlin Has \$1545 Raised Anson Tops Red Cross \$14.00---Others Over Too

Jones County Red Cross Chapter was at the halfway mark towards its \$7,950 quota in the March War Fund campaign at the end of the first week's solicitation, with only fifteen communities reporting through Saturday.

Eight were over their assigned quotas: Anson, Anderson Chapel, Avoca, where \$312.29 was raised, eighty-seven over quota, in a one day drive; Boyd Chapel, New Light, Plainview, Pleasant Hill and Wilson.

Three communities not given Red Cross assessments applied to Robert Cross, Anson, roll call chairman, for supplies and are working on contributions, Hanna, with Tom Ashburn in charge; Comper with C. R. Tarver in charge; and Carlton community with Mary Alice Carlton war fund leader.

Anson reported \$1604.00, fourteen dollars over their quota of \$1590. Hamlin had raised \$1200 early in the first days of the drive on her quota of \$1590; and though Stamford was not to campaign full force until this week, a few committees of twenty to work had raised \$320 through Saturday.

As War Fund appeal goes into its second week, Harold Bonner, Hamlin, Jones County Chapter chairman, emphasizes the blood plasma program of the American Red Cross as one of the strongest reasons persons should contribute to the Red Cross.

The Army-Navy recently requested 4,000,000 additional pints of blood, making a total of 5,300,000 pints requested to date. In one case, all except six men out of 400 badly burned aboard a ship were saved largely due to use of blood plasma.

Millions of Americans have donated blood, processed into plasma. Mr. Bonner pointed out, and though facilities for collecting blood are limited by technical factors to certain cities, all Americans can share this work through financial contributions to the Red Cross. Every Red Cross dollar is translated into service on home or foreign fronts in a program outlined by governmental mandate.

(PREDICTION: Hamlin will go over her quota by far. Just you watch!)

Mr. Inzer's Mother

Died Friday Morning

Mrs. H. H. Inzer, mother of Starr Inzer, died at her home in De Leon Friday morning, March 5, following an illness of several days. The funeral was held Saturday afternoon at the Baptist church in De Leon. Mrs. Inzer and her husband, Dr. Inzer, had made their home in De Leon for many years and she had been very active in the church and cultural interests of the town.

Goods Taken From Store

The week ending February 28, a certain party went into our dry goods store at a busy hour and took a two-piece dress suit from our lay-away department. We have discovered the scheme through a private channel, and we now give the party a chance to return the suit, unused or bring in the cost, \$7.95, which was marked clearly on the garment. If this is done within one week from this Friday, March 12, we pledge you our willingness to keep it confidential, and save you embarrassment. Unless you do this we shall be compelled to take the matter to the court with witnesses.

THE MANAGEMENT

Billy Joe Ball, son of Mr. and Mrs. Clem Ball of Hamlin, is reported on the honor roll at the University of Texas. To be listed as "Tops" in that institution is a distinct honor.

A SERVICE FLAG in every home or place of business is a sign of honor to the boy or girl in our armed services—get one at the Herald \$1.00 each.

Appreciation and \$5 For The Red Cross

It always pleases a newspaper man to get a letter from one of our good old-timers—for example, Martin Clements of Wichita Falls, who pays the Herald Editor compliments, which may not be merited by us. Anyway, Martin, thank you.

And say, Hamlinites, Mr. Clements has responded to the call of the Red Cross and sends \$5.00 as his contribution to help Hamlin raise that \$1,590. We believe Martin Clements got something from that private Pyron who has seen so much of the good the Red Cross is doing, that he dipped down into his soldier salary and sent a dollar to Hamlin for the Red Cross. So Mr. Clements, let's give him the credit for your fine contribution.

Community Service On Friday Night

In observance of World Day of Prayer, a community-wide service will be held at the Nazarene church Friday night, beginning at 8:00 P. M. The service will consist of songs of praise, the reading of the Scripture, and prayer. A short talk will also be made, setting forth some prayer objectives. Being a community-wide meeting, and in observance of a nation-wide day of prayer, it is hoped that the community will take advantage of this opportunity to attend this service.

—Committee

Strange New Words Because of The War

Austin, Texas — Think Russian words are unpronounceable? Then you'd better start practicing on them, for at the rate the war is going, a good many Russian words will probably be absorbed by the English language, a University of Texas linguist predicts.

The first two years of the war, nearly all the new words added to the language were German—such as "blitzkrieg, gestapo, ideology and furrher. These words all trace the rise of totalitarian government and are now a part of the average American's vocabulary, Dr. E. B. Atwood, professor of English, points out.

But now that the tide of the war has turned, it seems likely that a new group of words will be added to the language, this time coming from the allied nations, such as Russian and Chinese names and terms.

BABY DIED

Little Jerry Martin, the infant son of Corporal and Mrs. J. V. Walraven died Monday, Feb. 22, at the home of Mrs. Walraven's parents, Mr. and Mrs. John Hudson, southeast of Hamlin. The baby was 12 days old and appeared well only a short time before its death.

The funeral was conducted at the home by the Rev. J. W. Cundieff, pastor of Calvary Baptist church. Burial was in the Neinda cemetery under the direction of the Barrow Funeral Directors.

The baby's father, Corporal Walraven, who is stationed at Ft. Knox, Ky., came for the funeral.

Brookie Pitcock came up last Friday from Duncan, Kelley and Brooks air fields at San Antonio, where he has been with a construction company, building run-ways, aprons and everything needed in concrete. If Brookie should not get to stay with this form of government work, he would likely go into the army or navy. Already there are three Pitcock boys in the service. Prince, at Ellington Field; Roger in the army in Newfoundland and Earl in the air force at Kessler Field, Miss.

Born to Mr. and Mrs. Homer Helms, a fine girl, Billie Fern, Friday, March 5th.

Going to Hunt Scrap By Airplane Sunday

The Stamford Squadron of the Civil Air Patrol, under command of First Lieut. Warren B. Tayman, will assist in the county-wide campaign for salvage, now in progress, it was announced this week by salvage officials.

Some six or eight planes of the Squadron will make an aerial reconnaissance survey of every section of Jones county, looking for large scrap accumulations on farms and in the oil fields, and will report all such finds to the county salvage committee.

The survey is to be made on Sunday, March 21, according to the plan. Each plane will be assigned a section of the county to cover, and it is hoped that in this way to increase the county's tonnage of the vital and necessary war commodity. The planes will fly low enough to observe any scrap accumulation, it was said.

Lieut. Tayman and his aviators will be assisted by Captain Roy W. Arledge, Stamford, who is group commander of CAP squadrons in some 16 counties.

(It would appear that all details have not yet been worked out in the hunt for SCRAP in the County. It should be borne in mind that most every community has been pretty well cleaned of scrap iron. The heavy stuff has been taken.)

Mrs. George Beavers returned Sunday from a two weeks visit in Dallas and Waco. She was met in Dallas by her daughter, Mrs. R. E. Pounds and son, Ronnie, of Colorado, and Miss Vivian Beavers, of Ardmore, Okla., who accompanied her to Waco for a visit with her son George Beavers and a daughter, Mrs. Nettie Williams.

Howard Jenkins Buys Two of Show Calves

Last Saturday was Show Day in Anson, and from this end of the county, one wide-awake trader and stockman, Howard Jenkins, was right there with the dough to prove that Hamlin business men are ready to show the boys they will pay high prices for fat calves. So Howard was ready to bid high.

Howard Jenkins had his eye on the F. W. Poe Jr. calves and landed two of them. One purchased for the Terrell Food Store, 880 pounds at 16 1-2 cents per pound, making \$145.20, and the Reserve Champion, weighing 900 pounds, was bought for the Safeway Store, amounted to \$162.00. Well, young man, that means some dough for you. It is a pretty game for any boy to play.

Revival Closes

The revival at the First Methodist church closed last Sunday night with an old time "Love Feast." Nineteen persons gave their names for church membership, two of these on profession of faith. Rev. B. L. Nance, of Phoenix, Arizona, led the church in a wonderful visitation and dedication campaign that enriched the spiritual life of the church and brought many people into active and happy relationship with the church. We feel that our church and community received a great spiritual blessing for which we are truly thankful.

Besides the expense of the revival there was raised \$100 for World Service Relief as an emergency overseas and in the army camps at home. The people responded liberally both materially and spiritually. The two weeks were well spent and we were wonderfully blessed.

TRAINING UNION REVIVAL TO BEGIN SUNDAY NIGHT

Rev. R. L. Trott, the efficient pastor of the First Baptist church of Rotan, together with some of his workers, will begin a Training Union Revival in the First Baptist church Sunday night. Four different classes will be taught. Juniors, Intermediates, and Young People will study methods books—learning better how to carry on Training Union work. Adults will study the book "Building a Christian Home." Bro. Trott will bring an inspirational message to the entire group each evening.

Classes begin Sunday evening at 7:30. At 8:30 we will have our worship service. Bro. Trott will bring the sermon. Then on Monday night, and running through Wednesday night, classes will begin at 7:45. We would welcome visitors from other churches, or no church. We feel that this study of the Christian Home should be of interest to every adult.

A special invitation is given to attend all our Sunday services.

Sunday school, 10:00 A. M.; Morning worship, 11:00 A. M.

H. E. East, Pastor

Hamlin FFA Boys "Hogged" The Show

It is always something to crow about when our own gets a big hunk of rewards, prize money, outstanding notice...that's what happened last Saturday in the Stock Show at Anson.

Let us give part of the formal report.

Beef Cattle Division

Milk Fed Steers:

1. Wayne Ashburn, Plainview 4-H (also Grand Champion, sold to Roy Arledge of Stamford for 18.50 cents per pound; 2. Wayne Ashburn, sold to Dub Harrison of Stamford for 20 cents; 3. Lee Carter of Hamlin FFA, sold to S. S. Furrh of Stamford for 18 cents.

Dry Lot Steers:

1. F. W. Poe, Hamlin FFA (also Reserve Grand Champion) sold to Mr. Jenkins of Hamlin for 18 cents; Wayne Ashburn, sold to Dave Pruitt of Stamford for 16.50; 3. F. W. Poe, sold to Mr. Humphrey of Stamford for 16 cents; 4. F. W. Poe, sold to Mr. Jenkins of Hamlin for 16.50; 5. F. W. Poe, sold to Burl Pruitt of Anson for 15.75.

Best Group of Three Calves:

1. Wayne Ashburn; 2. F. W. Poe. Breeding Hereford Females:

1. Ed Branscum, Hamlin FFA. Breeding Hereford Males:

1. David Rushing, Lueders 4-H.

Dairy Division

Heifers Under 6 Months:

1. Jesse Ray Ford, Lueders 4-H; 2. Wilborn Ford, Hamlin FFA.

Heifers Over 6 Months:

1. Jesse Ray Ford; 2. Jesse Ray Ford; 3. Elton Brigham, Hamlin FFA; 4. Alvin Jensen, Avoca 4-H; 5. Gene Bandy, Anson 4-H.

Bred Heifers:

1. William Brigham, Tuxedo 4-H; 2. James Vernon Brigham, Tuxedo 4-H; 3. Martin Gentry, Anson 4-H. Cows and Heifers in Milk:

1. William Brigham; 2. Alvin Jensen; 3. James Brigham; 4. Elton Brigham; 5. Alvin Jensen; 6. Wilborn Ford; 7. Wilborn Ford.

Bulls All Ages:

1. Elton Brigham; 2. Wilborn Ford; 3. Elton Brigham; 4. Gene Mickler, Avoca 4-H; 5. Wilborn Ford; 6. Gene Bandy, Anson 4-H.

Swine Division

Fat Barrows (160 to 200):

1. Alton Ellison, Hamlin FFA; 2. Kenneth Riddle, Hamlin FFA; 3. Johnnie Steele, Hamlin FFA; 4. Alton Ellison.

Fat Barrows (201 and up):

1. Alton Ellison; 2. John W. Jones, Hamlin FFA; 3. Alton Ellison; 4. Ed Branscum, Hamlin FFA. Breeding Gilts Under 6 Months:

1. Jack Gray, Hamlin FFA; 2. Elton Brigham; 3. Elton Brigham. Breeding Gilts Over 6 Months:

1. John Steele; 2. Glenn Bolding, New Hope 4-H; 3. F. W. Poe.

Breeding Sows:

1. Elton Brigham; 2. Glenn Bolding.

Boars 6 Months and Under:

1. Jack Gray; 2. Elton Brigham.

Mr. Jenkins of Hamlin bought the fat barrows shown by John Jones and Johnnie Steele for 15 cents per pound.

Beef Cattle were judged by M. B. Templeton of Sweetwater.

Dairy Cattle, Hogs and Sheep were judged by J. W. Pritchett of Anson.

Total Premiums of \$300.00 donated equally by the Chambers of Commerce in Anson, Hamlin and Stamford, were given to the winners in the Show.

The Show was staged under the auspices of the Jones County 4-H and FFA Livestock Association with Tom Ashburn as president.

JUDGE CHAPMAN MOURNED

In the Hamlin community are many citizens who regret to learn of the death of Judge Walter R. Chapman, who so long lived and served in Jones County and this section of Texas as a distinguished jurist. He was a native of Georgia, born in 1873. He died suddenly in his home in Abilene last Sunday night. His wife and one son survive.

The Herald NOW has some beautiful SERVICE FLAGS with stars to fit almost every home. Priced \$1 each.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

—Now they do and then they don't, and the puzzle gets deeper and deeper.

—All the bread knives in the land have been sold, and a hundred thousand dainty fingers split open, and now they say, "What's the use?"

—(The bread saws begin to hum again. It costs but 7 cents to the 1000 leaves, so the argument goes, and then the crumbs are gathered up and sold for making pudding for 6 cents...well, so the sawed bread comes back on the table as though no war was on.

—On again and off again; first they want 28 year olds, then they didn't and then they did, and in and out again...the old boys just don't know which way to go...no 38's wanted, you're old men, the ins get out and the bus hardly stops till, 38's will be taken, reclassified...well, who's guessing?

—The cry is going out long and loud for women to "jine" up...relieve some man-soldier for more strenuous duty...come on gals, the more we get to do the work an old man 38 soldier is doing the quicker he will get back and start farming or some kind of war work.

—The American people are very anxious, very patient and will fall into line and do gladly anything needed, but somebody is "busting" things by changing so much...but after all don't you think this nation is making pretty good progress?

—If unfavorable publicity could ruin a nation, this America would sink in this time of war...for example such headlines as "Egg Shortage Feared This Fall".... "Farm Labor Shortage Causing Distress"...and a dozen others as uncalled for...there are a lot of people playing flashes like these to produce just the ideal situation for injury or to fatten their own pockets.

—The other day Ye Editor chanced to fall into a big meeting of farmers in the Hodges community (one of the best in Texas) and not a word of complaint did we hear about anything...one of the farmers has a son a prisoner in Japan, too...those fellows talked their business over like heroes, like the sturdy Russians are fighting back their enemies...no one would say they do not miss their sons from the farm, and still nobody hears them squawking...bet there's not a single one of them but would do twice as much as they have ever done, if it will help win this war and get their boys back home...if the guys in Washington would send a committee down to attend a few meetings like that, they would get the "grass-roots-facts" and report back that the farmers are doing fine and would do better if the government would turn them loose once more to open up the throttle.

—See that the Japs were jubileeing over the memory of the battle of Mukden when in 1905 they defeated the Russians...wonder how they will remember Pearl Harbor Day, in a few years after Uncle Sam gets through with them?

MRS. TURNER'S SISTER DIED

Mrs. John C. Turner received a message last Thursday afternoon, late, that her sister, Mrs. Robert Gilbraith had died. Mrs. Turner had recently been with her in a hospital in Sherman, and had been home about a week when a turn for the worse took place. Mr. and Mrs. Turner left early Friday morning and joined their son, Lieutenant J. C. Turner Jr. from Ft. Sill, Okla., at Seymour. The burial was late Friday afternoon. Mr. Turner returned Monday night but Mrs. Turner will remain for some time.

Mrs. Bill Johnson and her brother, Joe Hudson of Hobbs, New Mexico, and Mrs. V. E. Mixon of Bastrop, came in to visit their mother, Mrs. R. M. Hudson while Pfc. Weldon Hudson was at home on his furlough.

Wanting Credit, Wanting Praise—

If there is anything in the world the Americans crave it is credit, praise for what they do.

Following the first world war, there was many an argument about who did what. England claimed she did the most. France said she whipped the Germans, and the American boys knew they did. The argument is still raging. Now we hear a lot about who's doing the most, who is whipping the Germans, who is going to dominate, who'll be this and who'll be that.

We note that the Russians are so busy they don't take time to brag on anybody who sends them material, and men; maybe they don't mean to forget, and maybe they do. All any of us should count these days—Who's pushing the Germans around? The Germans are being pushed around more and more, and the most of the push seems to be in Russia. Maybe if we had about four million enemy men on our soil, we'd push harder, faster.

Here in this country there are too many looking for credit and praise. Even some people are talking two years ahead, about who should be president. It is as out of place to talk who will be who in this nation two years from now as it is to talk about who is doing the most to whip the Axis. There's but one absorbing job these days whip the stuffin' out'n the Germans and Japs and jab them down where this kind of thing can not happen again as long as America is a free America. If anything should be said about what the future shall look like, it should be firmly spoken right away by this nation, that whosoever starts another war, within the next fifty years, will find the finest equipped American army and the greatest navy with hundreds of thousands of the best American planes in the

world to slap down anybody who prepares to start something again. This is a long war....so long that the greatest enterprise for the next twenty-five years will be war-like movements, in industry, in diplomatic relationships, in everything that will convince the brotherhood of nations that we do not propose to fight a war every twenty-five years to save our skin along with some other nation. If freedom is worth anything, it must be strong enough to make itself felt as far as our communications can reach. The way to do that is to speak openly, honestly, fairly, fearlessly, and act the same way before it is too late.

This country should not care who supports Russia, China, England, or any nation as long as that nation is helping fight our own battles.

Mrs. Lesley Shelburne and little son Bryan went to Fort Worth last week to join her husband who is employed there in Consolidated Bomber Plant.

Mrs. W. J. Miller is visiting with her son, Pat Miller and daughter, Mrs. Gene Scott and families. Mrs. Pat Miller is at home again after being in the Stamford hospital for appendicitis. Mrs. W. J. Miller makes her home at Tarzan.

Walter B. Abbott came up from Dallas last Saturday for a two weeks stay with his wife. Mr. Abbott is with the government in charge of lumber stocks. He has been away over two years.

Mrs. D. W. Carlton, who underwent major surgery in the Stamford hospital, was able to return to her home last Saturday. She is reported to be doing nicely.

SERVICE FLAGS with stars from 1 up to 5, can be had at the Herald, at \$1.00 each. Real Silk, and woven-in stars.

Water, and How It Fits Into Our Lives

Man Should Use it Wisely at All Times

Water is as indispensable to man as air, and if all the moisture were removed from the earth and from the atmosphere, all life would cease. Water enters into every phase of human life and man uses it for many and varied purposes. However, people are hardly conscious of water, especially in the East, until it fails—until they turn on the faucet and find it dry.

When the Indians fished in the Ohio river it was a clear and leisurely stream flowing between towering tree-tops and dense brushy banks. White men then took over the land and cut the trees to make way for civilization.

During the passing years, the valley lost its sponginess and became a great water-shedding net of gullies and ditches. Less than 200 years

Filling bottles with milk from a mechanical bottle filler.

after the white men came, the peaceful Ohio turned into a savage snake as its brown water spread over thousands of square miles on the way to the gulf in the spring of 1936. This was one of the greatest of many devastating Ohio floods. Similar destruction to homes and soil took place again in 1937 as water from rains and melting snow filled fields, gullies, ditches and streams leading into the Ohio.

There are 200 million gullies on hillside fields and sloping ranges in the United States! During periods of prolonged or heavy rainfall everyone of these man-made chasms becomes an active waterway.

Accumulation of soil materials prevents streams from carrying off water and fills reservoirs with eroded soil, unless they are guarded. Fish cannot live in water that is filled with silt, for mud clogs their gills and mud on the stream bed buries sources of food supply. Muddied water also hampers man's recreational use of streams by making it unhealthy to swim in the dirty water.

Nature Soon Bounces Man's Rubber Checks

No matter how selfish and spend-thrift men may be in managing soil wealth, they will be unable to completely bankrupt the universe because those who draw upon this hoard of wealth will find their checks returned for insufficient funds while the bank of nature still is solvent.

Agronomists at Ohio State University explain this seeming contradiction by saying that nature does not have faith in man's ability to handle unlimited wealth. The soil contains hundreds of times the amounts of nitrogen, phosphorus, and potash removed by any series of crops but nature slams down the paying teller's window when destructive cropping is overdone.

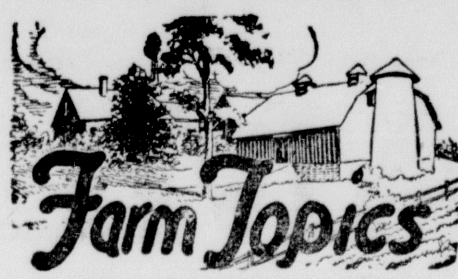

Plant foods are not placed loosely in the soil so hungry plants can remove them completely in a few years. There is a certain amount of fertility in new soil that can be removed quickly by farm crops. After that bonus is removed, the remainder of the wealth is controlled in a trust fund and can be obtained only piecemeal and by following the laws of nature.

Pioneers found the soil bountiful in its returns for labor expended. Each succeeding generation has discovered that these returns become harder to obtain unless the bounty of the soil is rewarded by a partial return of the elements it releases. Some garden spots have been tilled for more than 100 years and still yield as well as they did originally.

Rural Briefs

Farmers who fumigate shelled corn stored in metal bins can protect the grain from reinfestation by spraying the top surface with a light application of oil.

Barring unpredictable developments, the total food supply produced on American farms this year will be the largest on record, according to the United States department of agriculture.

Sanitation Aid to Cutting Hog Losses

Farmers Urged to Guard Sows in '43

Unfortunately there can be no rationing restrictions of disease germs, so it is up to the farmers to guard their sows from unsanitary conditions that lead to heavy losses from mange, swine erysipelas, hog cholera, worms and swine pox.

According to specimens received at the laboratory of animal pathology and hygiene at the University of Illinois college of agriculture, swine pox is causing some losses in this state. While not usually a serious disease in itself, it leads to other diseases and can be a complicating factor.

Occurrence of swine pox to any appreciable extent in the herd might be taken as a warning signal that all is not well, since it occurs under conditions favoring or fostering other infectious and parasitic diseases. Hog cholera virus should not be used as an immunizing agent in herds showing extensive pox. It is com-

Hogs like wheat. See how they go after it!

monly spread from pig to pig by the hog louse. Widespread pox usually goes hand in hand with a relatively heavy louse infection.

Wormy pigs waste feed, gain weight slowly, have damaged lungs, become unthrifty and die. Many become susceptible to other diseases.

Farrowing quarters should be cleaned regularly by scrubbing with boiling lye water and then spraying with cresol. Sows should be washed before being placed in the farrowing pen. Pigs and sows should be hauled to pasture or driven over ground from which pigs have been absent for a year. Raising pigs on clean pasture is the most satisfactory method.

Mange is caused by a microscopic mite that burrows into the skin, causing great irritation, "elephant hide," loss of hair and unthriftiness.

Agriculture in Industry

By FLORENCE C. WEED

Poultry

There are more chickens in Iowa than any other state, while Texas ranks second in chickens and also leads the turkey population. In 1928, there were 475,000,000 chickens on American farms but since then, the number has declined.

While the great bulk of poultry is sold alive or as cold storage fowls, there are a few commercial uses for by-products. Animal feeding stuffs are taking some packing house trimmings such as legs, viscera, fat and heads. Food for pet cats and dogs uses killing plant offal to some extent. When research has gone further, it may be possible to extract therapeutic products from glands of chicken heads and recover gelatin from chicken legs which would have surgical uses. Scientists believe that the available supply of 20,000 tons of feathers might be used in plastics. Goose feathers have long been marketed for pillow stuffing.

It is possible now to obtain dried whole egg, dried egg yolk and dried egg albumen. These products are imported but might be produced here. Non-food uses of eggs are getting more attention. The tanning industry may be able to utilize more low grade eggs. Manufacturers of frozen or dried egg materials have thousands of pounds of egg shells which are used only to a small extent as chicken feed and fertilizer.

Stepping Up Egg Yield

Feed your chickens a good laying ration if you want to get maximum egg production. A good laying mash is one composed of 200 pounds ground yellow corn; 100 pounds wheat bran or rice bran; 100 pounds meat scraps or shrimp meal; and 100 pounds ground oats. Where meat scraps are used in place of shrimp meal, add one pound salt to the mash mixture. One hundred laying hens will consume between 23-25 pounds of this mixture.

About Soldiers--Sailors

Hugh Bradley Musick, son of Mrs. Martha Susick of Hamlin, has recently received his certificate of graduation from the General Motors training station at Flint, Michigan. He should now know how to keep the diesel engines running.

The Public Relations Office at Miami Beach, Fla., announces that Staff Sgt. Ivan Mustain, who gives McCaulley as his former post office has completed the Air Forces Candidate school course and has been commissioned a Second Lieutenant in the Army Air Forces. His duties will be in the administrative and supply operations.

Pvt. Loy D. Fry Jr. has been assigned to Austin College, Sherman, where he will take a full year of college work, crowded into FIVE months. Loy says "I expect to burn midnight oil the first 4 months" then he will begin actual flying training.

Marine Delbert Kite, son of Mr. and Mrs. R. L. Kite, in North Hamlin, has again written his parents, and this time it's better news. Delbert says he is well and has been out of the hospital some time and is again driving a Jeep. And say, folks, talking about working 8 hours or ten hours, and getting overtime, Delbert Kite, just a kid (when he left Hamlin, not quite 17) works from 6 P. M. all night till 6 A. M. So folks, let's quit grumbling about anything, and in the dark cold stormy nights while we are safe and comfortable in our home beds, let's think of the Hamlin boys and others far off in a sleepless night of danger. Where is Delbert? Nobody around here 'knows. Maybe in the Solomons.

Pfc. Weldon Hudson came in on Thursday of last week from Camp Beale, Calif. on his first furlough since he went into the service seven months ago. Weldon is in the Ordnance Department and every indication is that he is making an ideal soldier. He has gained about 18 pounds, and is as straight as a rail. When Ye Editor met him, we remarked "You look like a million dollars" and Soldier Weldon says, "I certainly feel like a million." That's right, it is mighty good to be at home once again.

Eugene Morgan, a Petty Officer in the Navy, stationed in Florida, is spending this week at home with his mother, Mrs. Florence Morgan. Eugene is not just another sailor; he's in the Navy as a professional, and is making good. He has been promoted from time to time, has married and has two children, so Gene says "What's wrong with the Navy?" From the way this young officer has developed you'd think he's about grown after these eight or nine years in the service. While here, he went to Odessa to see his father, Dr. L. E. Morgan.

Pvt. W. L. Hunter Jr., who has been stationed at Garden City, Kan., has been sent to Stillwater, Okla., to take work in A. & M. College.

Pvt. Homer Raney has lost his title and is now just plain Mr. Homer Raney. He arrived home last Monday from the Bryan Air Field, and in all he has been in the army five months and four days. Homer is classed as an "old man," and so he has returned to his job at the Plaster Mill. But this "Vet" does not feel exactly settled yet; he says he tore up to join and it may be they will tear him up and put him back again. He has learned quite a lot, and really the experience will always mean much to him.

Pvt. Richard L. Criswell, son of Mr. and Mrs. O. R. Criswell of Plasterco, enjoyed three days here this week on a pass from the Bombardier Field at San Angelo. He has been in the army five months.

Away up in Kearns, Utah, there's one of Hamlin's "bean peddlers", well known here as "Boots" Walker. It is Pvt. Walker now, and he writes his sister, Mrs. Mary Hyatt, that he is drilling, but having a good time. Boots is in the 505th T. T. G. Just what that means seems to be a military secret.

We note that Pfc. Jay Fitzgerald, better known as Pinky, is still at Lubbock and makes it down to Hamlin frequently to visit his wife (the former Odessa Jones) and by the way, he always does a good job at the Morgan Hotel at the noon meal Sunday.

Robert Gardner came home last week from California where he had been with the Consolidated Aircraft the past ten months. Robert is about 20 years of age and is expecting to be in the army soon. This will make three boys Mr. and Mrs. B. H. Gardner will have in the army. Staff Sgt. Harry Gardner is in Fort Ord, Calif., and Edward W. is in Camp Swift, Texas. We could go a little farther and tell that two of their daughters, Miss Katherine Gardner is a clerk in Camp Howze, Texas and Miss Dorothy is in the office of the Air Force in San Antonio.

Monday morning Onis Helms arrived from Houston where he had served the past five months in the 744th M. P. Co. B. He had his discharge from the army to be a national defense worker in some work going on at Muskogee, Okla. This is a case where a contracting firm took the lead in asking that a man of more than 38 years of age be discharged to do other work necessary. Helms says the army is fine, and from the feel of his arms he had good treatment, and can now handle a caterpillar tractor with ease. He also understands that if the army needs him later they will jerk him right back, and he says "It's O K with me."

Saturday two fine soldierly looking fellows from the Lubbock Air Field were in to visit with the Hamlin Herald and to tell us that they are still in that camp learning how to take care of planes. They were Pvts. James T. Henson and Glendon Hemphill, who live between Hamlin and McCaulley.

Seaman, 1-C, Aubrey A. Bowman, son of Mr. and Mrs. G. A. Bowman, is at home on a 14 days leave. He has been getting some experience on a sub chaser.

Here's a boy who has been a student in Texas Tech, who has before his name, Pvt. Warren Adams, in the AAF Air Crew Detachment, Sqdn. D, Flight 17, in Texas Tech. This is one of the younger fellows who will make good.

One of the spunky little sailors from Hamlin is James Steed, who was at home last Summer from spending a long time on the Cruiser Pensacola. He was in some of the hottest spots but was as quiet as a mouse about it. But the story is out and in Congress how that ship was "decorated." Well, sailor Steed got fed up on just being a sailor while the other fellows "flew" out and got a crack at the Japs, so he transferred to the Navy Air Branch, and soon he will graduate from his training at Cecil Field, Fla. He is now rated AMM, 2-C, and soon be moved up to AMM, 1-C. He now gives the planes 30, 60, and 20 hour checks and works at night and sleeps all day.

A letter from recently wounded Flight Officer W. B. Teague, to his mother, Mrs. W. B. Teague, dated Feb. 15, tells only that he has lost his left foot, but he says "That is not so bad. I'll be up in a few weeks and they will fix me up with an artificial foot, which will be as good as ever, almost." His wife arrived from their home in Rantoul, Ill., Sunday, and will be here several weeks. Teague's letters are coming through now from his own hand, and he will likely be returned to the States in a few months.

LIFE'S Little TROUBLES

-CAN'T SLEEP-

No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRES-SURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA as directed, to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adler-I-KA assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Get Adler-I-KA from your druggist today.

VETERAN TELEPHONE RE-ENLISTS

Desk telephones—sturdy veterans that figured in the growth of America's telephone system for years and years—are being called back for wartime service.

More and more, telephone materials and telephone production lines have been shifted to supply things the Army and Navy must have. That means less and less for the nation's

telephone system. So thousands of these old-timers are coming off the shelf.

They are ready to do their part in meeting today's tremendous demand for telephones.

They are good telephones—first-class talking instruments. And they'll do a first-class job of carrying the calls of a nation at war.

SOUTHWESTERN BELL TELEPHONE COMPANY

NEINDA NEWS

By Ettie Hodges and
Artha Lee Tollison

Remember folks next Thursday night, March 18, is our next Defense meeting. The women have been asked to bring 6 sandwiches, instead of candy. If you have something handy to be auctioned off, wrap it up and bring it too.

Neinda was asked to raise \$100 for the Red Cross. We are proud to say it was raised to \$112.50.

Mr. and Mrs. V. G. Hodges and family and Mrs. J. S. Hubbard were in Abilene Sunday visiting Mr. and Mrs. Noble Duncan.

Mrs. C. E. Gregory visited Mrs. Raybon Dixon and children Monday afternoon.

John Turner is ill with flu at this writing.

Mr. and Mrs. Fred Rosenbaum and son visited Mr. and Mrs. Irby Weaver and son Sunday.

We would thank you very much if you would send us some news. Let your children take it in to Miss Ettie on Monday morning.

Mr. and Mrs. Bill Maynard and daughters visited Mr. and Mrs. Grover Maynard Sunday.

Ben McNeely and family visited Mr. and Mrs. Harrell Williams in Hamlin last week.

Mr. and Mrs. Oram Weaver spent Sunday with Mr. and Mrs. Duck Weaver and family.

Mr. and Mrs. Ray Williams and family visited with Mr. and Mrs. John Turner Sunday.

Bro. and Mrs. Grady Adecock and daughter, Linda, spent Saturday night with Edythe and Ettie Hodges.

Mrs. Arnold Galloway left Wednesday for El Paso to visit her husband who is stationed at Fort Bliss.

F. W. Poe, Sam Hodges and Audrey Hodnett were in Stamford last Thursday.

Mrs. Jenkins of Dovie visited her daughter Mrs. Audrey Hodnett Wednesday.

Mr. and Mrs. Henry Martin and family of Noodle visited Mr. and Mrs. C. E. Gregory Saturday night.

Mr. and Mrs. M. H. Castleberry visited Mr. and Mrs. T. B. Scarborough Sunday afternoon.

VICTORY'S SONS

Gen. Douglas MacArthur

Gen. Douglas MacArthur and his courageous men added a flaming chapter to America's history in their inspired defense of Bataan and Corregidor in the Philippines.

Japan's sneak attack at Pearl Harbor on Dec. 7 caught the United States unprepared for all-out war. But MacArthur's brilliant strategy, later adopted by Maj. Gen. Jonathan Wainwright, kept the Japs battling desperately on Bataan until April 9. Corregidor and other Manila Bay forts fought until May 6.

The Battle of Bataan—and Corregidor—was a saga of resolute courage, of complete bravery. Outnumbered, sadly lacking the most necessary equipment, the men of Bataan made the yellow invaders pay a bloody price for every gain.

When the invasion of Australia seemed imminent, MacArthur was sent there. His mosquito boat escape from the Philippines was as dramatic as a commando raid.

When America heard of his new job in the land down under the unanimous verdict was: "Mac's the man!"

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that
Must Help or it Will Cost You Nothing

Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Sold on 15 days' trial! Ask for "Willard's Message" which fully explains this treatment—free—at

INZER PHARMACY

Supt. of the Santa Fe Railway, H. R. McKee of Slaton, and Division Freight and Passenger Agent, E. A. Tusha, were mixing with Hamlin's business men Tuesday morning.

These two gentlemen are tops in the railroad world, especially with the folks along the Santa Fe in West Texas.

Tell The Herald your news.

Used as a tonic, Cardui usually peps up appetite, aids digestion, and thus helps build energy for the "time" to come. Started 3 days before your time, and taken as directed, it should help relieve pain due to purely functional cause.

Tell The Herald your news.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

Mr. and Mrs. Bill Hudson of Big Spring came over the past week end to visit with home folks and their brother, Pfc. Weldon Hudson from California.

Notice the date after your name.

Keep It Looking Young and Acting Young

Take Care of
Gas Equipment
to make it serve you longer

GOOD GAS RANGES are built to last a long time, anyway... come war, come peace. So make yours flourish, with smart care. It's the nation's economy, as well as your own.

1. Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.
2. Wipe off spilled foods at once, with dry cloth. Later when range is cold, clean with damp cloth.
3. To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.)
4. To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range, as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)
5. The oven-lining will last longer, if you roast meats at low temperatures (250° to 325°). It makes better-tasting meat besides, and also cuts down grease-spatter on oven-walls.
6. To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.
7. Don't load the oven-door with heavy roasts, as you put them in or take them out. It might warp the door.

Your engine's cylinders can't stop empty. They'll either load up with fresh raw gas when you shut 'er off, or get caught with stale burned gas they can't belch out.

In those useless leftovers are corrosive acids, trapped in the engine you can't replace—along with moist "sweat" as the interior cools. Any chemistry freshman knows these causes of biting corrosion, always present—long before wartime. But when your car was in frequent use, at speeds that thoroughly warmed the engine, it helped to offset the worst acid effects. How different today, when mileage, speed, and average engine heat are all down—giving acid its chance to run riot!

You can't open the engine and keep

sponging out any acids or other moisture, while your car stands little used nowadays. But without extra fuss or extravagance you can change to Conoco Nth motor oil and get your engine internally OIL-PLATED.

You're familiar with anti-corrosive plating...like chromium-plating. Just as closely, this protective OIL-PLATING will be kept surfaced to delicate parts by advanced synthetic means—as described in the celebrated patent on Conoco Nth. Though your gasoline-rated car makes few runs, you can combat corrosion between times. For you can keep your engine OIL-PLATED by changing to Conoco Nth this Spring at Your Mileage Merchant's Conoco station. Continental Oil Company

Texas Day Observed By Woman's Literary Club

The Woman's Literary Club met Friday afternoon in the home of Mrs. John D. Ferguson on Union Avenue for a business session and a program in observance of Texas Day.

The meeting was opened with members reading the Club Collect. The president, Mrs. G. R. Bennett, was in charge of the business session.

The original program was directed by Mrs. Tom Teague who talked on Texas in the World Crisis, discussing Texas' contribution to the war in manpower and also her part in industry. Mrs. John D. Ferguson discussed the Farm Program for Victory. A reading, Wonderful Texas, given by Mrs. Tarleton Willingham, concluded the program.

Junior-Senior Banquet Held Tuesday Night

The traditional Junior-Senior banquet was held Tuesday, March 9th, at 8:00 at the Methodist church. The group assembled in the auditorium and was greeted by Jack Harden, Betty Lou York, Paul Fowler, Phala Davis, Mr. and Mrs. G. R. Bennett,

Mr. and Mrs. A. D. Barry, Miss Lucille Willis, Miss Helen McCrary, Mr. and Mrs. Bob Campbell, Mrs. Mart Farrow and Mr. and Mrs. John D. Ferguson. One hundred and thirty attended.

A patriotic theme was carried out in all decorations, red, white and blue V's filled the windows. Below were pot plants. Flags were used as backgrounds. Red and white cyclamen, red candles, place cards with V's and red, white and blue mint baskets adorned the tables.

The following program was given: Invocation, Supt. G. R. Bennett. Dinner, Toastmaster, Jack Harden, Jr., Response, Paul Fowler, Jr.; The Forgotten Man by Clarence B. Kelland, Betty Lou York; In the Time of Roses by Reichardt and Lights Out sang by La Nelle Andress, Jimmie Dee George, Charlene Durham, Mildred Carson, Ora Frances Steele and Joan Culbertson, accompanied on the piano by La Nelle Carlton. Address, Judge Owen Thomas; National Anthem, Unison.

Sophomore girls, wearing white dresses with red and blue aprons, served. They were Gamille Hassen, Thelma Carlton, Marjorie Steed, Bery Jo Travis, Jeannine Johnston, Joan McCrary, Earline Johnston, Judy Gordon, Wilda Jean Fancher, Verna Mae Colwell and Gertrude Eckler.

After the banquet the Juniors held open house at the High school, and games of table tennis and Bingo were enjoyed.

La Rue Kite Honored In Girls' Auxiliary

In the missionary organization of the Baptist church, the young people have an opportunity to advance in rank. In the Girls' Auxiliary, the ranks are called Forward Steps. Any girl who is ambitious may advance from a Maiden to a Queen. La Rue Kite has been a faithful member of the Girls' Auxiliary for several years and she has done the required work to become a Queen. This means that she can quote many Scripture verses, she can tell you about her local church and denomination, that she is familiar with the mission work of Baptists and that she has studied the lives of our great missionaries. In a Jones County coronation service at Anson, La Rue was crowned a Queen and given a golden crown and an arm band in recognition of her accomplishment. Mrs. O. B. Woodrum of Abilene, who is District Young People's Secretary, crowned La Rue in a very impressive ceremony. Elizabeth Ann East was the crown bearer and Oleta Kite was the flower girl.

La Rue is now ready to work on the forward steps which will rank her as Queen with the Septre.

National Honor Society Meets For Program

The Hamlin Chapter of the National Honor Society met March 5, in the home of Winnie Faye Hassen. The members answered roll call by telling "tall tales". The program chairman, Charlotte Lewis, introduced a program of reports of the different clubs offered to young people in this city. Jack Hardin, president of the Junior class; Paul Fowler, president of the Senior class; Jimmie Dee George, secretary of the Junior Schubert Music club; Margaret Sellers, president of the Junior Literary club; and Phala Davis, president of the National Honor Society. After the close of the program the hostess, assisted by her mother, served a plate consisting of hot chocolate, candies, cookies, and olives. The meeting was adjourned.

NATIONAL HONOR SOCIETY EMBLEMS ARRIVE

The emblems, which were ordered for the 1943 members, by Koleta Clements, the secretary, arrived this week. Each received either a charm or a pin. In the center there is a torch symbolizing the torch of honor carried by each member. It contains the letters S, C, L, S, standing for the four phases of the National Honor Society—scholarship, character, leadership and service.

Miss Dorothy Fern Routh, a student in Hardin-Simmons University, spent the week end here with her parents, Mr. and Mrs. Tom Routh.

Soil Management Aid To Increasing Yields

Farmers Co-operating in Test Get Good Results

Larger yields of grain and better stands of hay are becoming increasingly important these days when the demand for cereal, meat and dairy products for war and civilian needs has reached such record peaks. Whether the output of these crops is large or small on a particular farm depends largely on the condition of the soil that produces them, according to Prof. C. J. Chapman of the college of agriculture, University of Wisconsin.

That such crops respond to soil management is evident from tests carried on in a number of Wisconsin counties in which fertilizers containing phosphorus and potash were applied to small grains and seedings of clover and alfalfa.

Farmers co-operating in the tests laid out demonstration plots on their land, leaving one area unfertilized. The results in the form of grain yields and hay crops that followed them in the rotation were checked and compared. The harvests showed that not only was the output of the small grains boosted, but the production of hay that followed in the rotation was greatly increased. The tests showed, too, that the soil improving treatments had a valuable carry-over benefit.

Typical of the results obtained were tests on farms in Portage county.

Allen G. Hunsaker of Afton, Wyo., whose four sons are now in the armed forces, installed a milking machine to help out. He is now carrying on with the aid of his wife and 13-year-old daughter. He now milks 20 high grade Holsteins which produce 15,000 pounds of milk per month, in comparison with the 16 cows he milked last year which averaged 10,000 pounds per month.

ty on silt loam and sandy loam soil types of varying fertility levels. On one silt loam plot where 300 pounds of an 0-20-20 fertilizer were applied per acre in 1941, the grain yield was 51.9 bushels compared with 31.1 bushels per acre on the unfertilized field. The 1942 hay crop on the fertilized field was 5,493 pounds, as against 1,186 pounds—or an increase of 4,307 pounds per acre.

A sandy loam plot treated likewise with 300 pounds per acre of an 0-20-20 yielded 25.2 bushels, compared with 19.2 on the untreated plot.

Eliminate Hazards!

Unless soldiers on the farm front are careful, an army of nearly 4,500 farm workers will be killed this year by mechanized equipment and livestock.

"That's why we say that heroism isn't confined to the front battle lines in this war," farm families were told by E. W. Lehmann, head of the agricultural engineering department, University of Illinois college of agriculture.

The shortage of labor, inexperienced machine operators and use of older machinery will aggravate the situation for the duration.

In Illinois alone, nearly 300 farmers lost their lives in producing and delivering food to market in 1941. Thousands were crippled for life; more thousands were crippled temporarily.

Accidents during wartime are not merely family and community tragedies. Many times they are the result of criminal negligence. Accidents that kill and injure American food-for-freedom producers aid the enemies.

Agricultural Notes

Sudden changes of temperature in dairy barns or in poultry houses reduce production of eggs and milk. Cows and hens do not work over time to replace shortages from the day before.

WPB has assigned top priority rating of AA-1 to assure delivery of critical material necessary for manufacture of farm machinery included in the current program.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 10 A. M.
Morning Worship at 11 o'clock.
Youth Fellowship Recreational Hr. 6:15 P. M.
Youth Fellowship program, 7:15 P. M.
Evening service at 8:15.
Woman's Society of Christian Service Monday afternoon at 3:00.
Mid-week service, Wednesday night at 8:15.

World Day of Prayer will be observed by the Women of the church Friday afternoon at 3 o'clock. All women are urged to attend and especially those with sons and daughters in service.

A Community World Day of Prayer service will be held at the Nazarene church Friday night. All churches of the town are asked to co-operate and participate in the service.

The pastor will bring the message at both the morning and evening services next Sunday. He will preach Sunday morning on: "Jehovah Our Redeemer" and Sunday night on: "Temptation To Sin."

Go to Sunday School and church next Sunday.

We welcome visitors.

POT SHOTS FROM McCAULEY

BY GEO. DARDEN

The High school senior play given at the school house on Thursday night of last week was pronounced a success by the many patrons of the school who witnessed the three hour play. Forty dollars was realized from the play and the senior class is grateful for the good attendance.

Pvt. Joe Gill who formerly lived in McCauley, was a visitor in the home of his aunt and uncle, Mr. and Mrs. Henson one day last week. We failed to learn where Joe is stationed.

A letter from Bynum Atkins who is attending U. S. N. Flight Prep school at the University of Texas, says he likes it fine, and he will have three months preliminary training at Austin before he starts flying the Navy bombers.

Mrs. Granville Dean and daughter and Mrs. Ellis Eivens and children of Fort Worth were visiting relatives and friends in McCauley last week end.

When the boys of the American air corps can sink 20 ships and wipe out fifteen thousand Japs in two or three days, as was done in the Bismark Sea, surely we at home can do our bit by contributing to the Red Cross. The drive is on in McCauley and H. P. Powers is the chairman for this chapter. If you can't come in, then please mail your check. "The Red Cross helps those who can't help themselves."

Mr. and Mrs. Bill Wicker and family moved last week to Rotan where he is employed at the Gyp mill in that city.

Mrs. Joe Graham and baby left for Dodge City, Kansas to join her husband who is in the army and stationed in that city. Mrs. Graham is the daughter of Mrs. Lee Hendon who has four sons in the armed forces.

Mrs. Nellie Simer of New Mexico and Mrs. Dollie Mann of Denver, Colorado, are visiting their father, Ciscero (Pa) Martin who was ninety nine the other day.

Mrs. James Parker of Oklahoma City is visiting her husband's parents, Mr. and Mrs. Hub Parker near McCauley.

Mr. and Mrs. Alvis Mayo visited last week end with Mr. and Mrs. Byron Maberry. Mr. and Mrs. Mayo live at Loraine, Texas.

W. T. Lawliss who enlisted in the air force a few weeks ago is now stationed at Miami, Florida. Mrs. Lawliss is in East Texas with her parents.

Mrs. J. B. Jayroe has resigned her school in Sweetwater and has joined her husband, Sgt. J. B. Jayroe, who is stationed in Indiana.

Mr. and Mrs. Henry Cook have returned from New Jersey where they visited their son, Pvt. A. J. Cook, who was seriously ill. Glad to report that A. J. is rapidly improving.

Mr. and Mrs. S. E. Miers visited last Monday in the home of their son and family. Mr. and Mrs. N. D. Miers in the Hobbs community.

Mrs. Doc Carter of Crosbyton is visiting in the home of her parents, Roy and Mrs. C. E. Dick.

Thanks to M. L. Akins for a year's subscription to the Herald.

Don't ye forget: The Red Cross needs you now—you may need the Red Cross—someday.

Letters from the people who read our column is appreciated and especially do we appreciate letters

from people who are vitally interested in the common good of all the people. The following letter is from a man we never knew and we sincerely appreciate the contents:

Wichita Falls, Texas
March 4, 1943

Mr. George Darden,
McCauley, Texas,
Dear Sir:

You do not know me, but I know you very well for I have been reading "Pot-Shots from McCauley" and Darden-O-Grams in the Hamlin Herald for several years.

I am an old Hamlinite but have not lived there since 1917 but am still interested in Hamlin and its people. And that is why I get the Herald and read it regularly, for its fine news items and good efforts in being a good weekly newspaper, and especially do I appreciate and enjoy reading your reports from your home town and your frank discussion and clear interpretations of current topics of the day.

In appreciation of your fine efforts and for keeping everlastingly on the job, in trying to hammer home the important things of life to your readers, I am enclosing my check for \$5.00 and ask that you hand it to your Red Cross chairman in token of my appreciation of you and for my admiration of your fine style of writing.

Yours very sincerely,
M. T. Clements
1714 McGregor Street
Wichita Falls, Texas

O-O-O

The contemptible remarks made by Rep. Lambertson of Kansas on the floor of the House in Washington about the war record of the Roosevelt boys is the most uncalled for slander ever spoken in time of war.

Who ever heard of a Roosevelt shirking his duty? Who ever heard of a Roosevelt being afraid of anything or anybody? Those who have read history know that the Roosevelt family has always been in the thick of the fight—and there never was a yellow streak in any by the name.

It is strange that some few sore-head Republicans would stoop so low to criticize our soldier boys when perhaps they can't give a very good account of themselves in World War No. 1.

We are of the opinion that the Congressman from Kansas is thinking more of making the headlines, than he is of winning the war.

New deal haters, disgruntled Democrats and such birds as Congressman Lambertson should go back to Kansas and chase jack rabbits until the war is won by the Roosevelts and other members of the great American army, navy and air force.

There are a lot of politicians who just can't take the new deal, and they have the jitters so bad and are so afraid that F. D. R. will choose to run again, and through jealousy, envy and hatred they will do anything under the shining sun to muddy the water, even though it would mean losing the war.

Franklin D. Roosevelt has guided the American people through many a storm and if he sees fit to run for a fourth term, then Rep. Lambertson and all of his hinchmen with their slander won't keep the American people from casting their votes for Roosevelt.

A DARDEN-O-GRAM

Bought 4-H Calf

—To encourage and help out the FFA Boys, we arranged to buy a fine fat 880 pound calf at the Jones County Livestock Show last Saturday in Anson.

—This calf was one of the Best, and was raised by F. W. Poe, Jr.

Beef Now Ready

Tender steak from this fine young calf will be on sale this Friday and Saturday at our market.

WE SLING GYPSUM

Gypsie Reporters

(Frances Nichols-Minnie Lee Elkins)

This last week seemed as though winter had turned back on us, but at the time of this writing there seems to be a touch of a West Texas Spring in the air.

J. W. Riddle and Clifford were home Sunday and Monday from Wichita Falls to visit their parents, Mr. and Mrs. J. W. Riddle and daughter Louise and Mr. and Mrs. H. C. Carr.

Pvt. Glendon Hemphill of Lubbock came in Tuesday to spend the week with his parents, Mr. and Mrs. T. N. Hemphill.

We are sorry to lose Mr. and Mrs. Tom Nall and son who have just moved to the Plains.

Mr. and Mrs. Henry Martin and family of Merkel spent Sunday in Plasterco visiting friends.

Mr. and Mrs. Wayne Roberts and son Jan of Waco spent the week end with Mr. Roberts' parents, Mr. and Mrs. J. W. Roberts and also with his brother, Mr. and Mrs. Clayton Roberts and son Don.

Last week we neglected to say that Mrs. Coleman Gibbons of Fort Worth had visited in the home of her husband's parents, Mr. and Mrs. John Gibbons.

Little Stanley Jones, who has been ill for some time, is reported very much better.

Mrs. B. L. Smith returned home

from Wichita Falls after spending a few weeks with her husband, Pvt. B. L. Smith, who has now been moved to some other camp.

Mrs. H. O. Espy received word from her husband that he would return here sometime soon. He has just been discharged from the army.

H. C. Carr and family made a trip to Walters, Okla., to visit Mr. Carr's sister, Mrs. E. E. Bryan, who has been ill.

The J. W. Riddle family spent Sunday with the Glenn Bond family so their sons could be together. Glenn Bond is leaving for the army the 10th and J. W. Riddle returns to his job in Wichita Falls Monday.

Those on the sick list this week are Louise Riddle, Joan Carr, Mrs. A. Anderson and Bettye Jo Green.

Mrs. Tom Campbell and daughter Mrs. James Milsap spent Monday with Mrs. Glenn Bond.

Mrs. John Sledge is reported as much better now. She had a badly sprained and bruised ankle.

Mr. and Mrs. John Gibbons received word that their son, Pvt. Coleman Gibbons, who is somewhere in the Hawaiian Islands, had been injured. The report is that a jeep had overturned on him.

Mrs. James Milsap got word that her husband, Pvt. James Milsap, had been in the army hospital for some time.

Mr. and Mrs. George Campbell spent Sunday night with Mr. and Mrs. H. Clark.

Mr. and Mrs. J. M. Stubbs and Mr. and Mrs. Robertson of Hitson visit-

ed Mr. and Mrs. John Gibbons last Sunday.

Mr. and Mrs. Ed Griffin, daughters and grandson, James Rhoten, and Mrs. Barney Smith and children spent Sunday with Mr. and Mrs. Virgil Reynolds of McCauley.

We want to thank Mrs. C. A. Galloway for handing us a dollar to have the paper sent to her father, Mr. O. M. Henderson of McCauley for his birthday.

Everyone is invited to attend Sunday school and church Sunday.

O-O-O

WISE CHAPEL NEWS

By Catherine Drake

Well folks we are having more cold weather and no rain.

Mr. and Mrs. Jimmie Sedberry and daughter of South Side visited Connie Drake and sisters Sunday afternoon.

Mr. and Mrs. Ike Dixon of Flat Top spent Sunday with Mr. and Mrs. Dave Herbst.

Misses Patsy Fletcher and Charlotte Riddle spent the week end with Mr. and Mrs. Russell Glenn and daughters in Abilene.

Lane and Junior Fletcher are on the sick list this week.

Mrs. Clifford Eoff had a painful accident when she stuck a nail in her foot last week.

Mr. and Mrs. Carl Bingham of Anson spent Friday with Mr. and Mrs. Tom Neill.

We are sorry to report that Mrs.

Newland has been on the sick list with flu.

Tom Henderson and two sons, Tommy and Atwell and Tommy Smith of Merkel spent Sunday with Mr. and Mrs. Clifford Eoff and son.

Mr. and Mrs. Junior Patterson and daughter of Hamlin and Mr. and Mrs. Tom Neill and family spent Sunday with Mr. and Mrs. Ben Bingham of Union.

O-O-O

Mr. and Mrs. L. B. Baker and niece, Miss Elain Jones visited Mr. Baker's sister, Mrs. McLaughlin in Spur last Sunday.

O-O-O

Mrs. B. M. Brundage left last week for Chicago to visit her daughter, Miss Maxine Brundage, a student in the Chicago Conservatory of Music.
